ARTICLE XIII DEFINITIONS

Plan of Operation Means a written statement describing the details of how a use is operated. Depending on the use, the description may include such information as the gross floor areas devoted to various activities; percentage amounts of income derived from various activities; number of employees on various work shifts; anticipated or known amounts and hours of customer and delivery vehicular or pedestrian traffic; hours of operation, differentiating among general office hours, delivery hours and hours open to the general public, etc.; amount, type and location of outdoor activities, lighting and storage; and an indication and brief description of regulations imposed by other governmental agencies.
