"Fun With Fossils!"

1-3pm, March 23, 2013

The Nature Center

Clifty Falls State Park

Fossils rock! A journey in Earth History for an afternoon of geology made fun! Great for your family spring break!

1pm "Fascination With Fossils" Our afternoon begins indoors with fossils in hand getting to know Southeast Indiana's most common fossil types, how nature produces fossils, and the importance of the fossil record.

2pm "Fossil Collecting!" We'll complete your fossil quest by carpooling to a location near the town of Madison where you'll be able to collect a variety of amazing 450 million year old fossils! Bring shoebox etc. for your specimens.

- **Program fee $2/person age 5 and up.**
  Please pre-register at 812-273-0609.
  Children must be accompanied by an adult.
