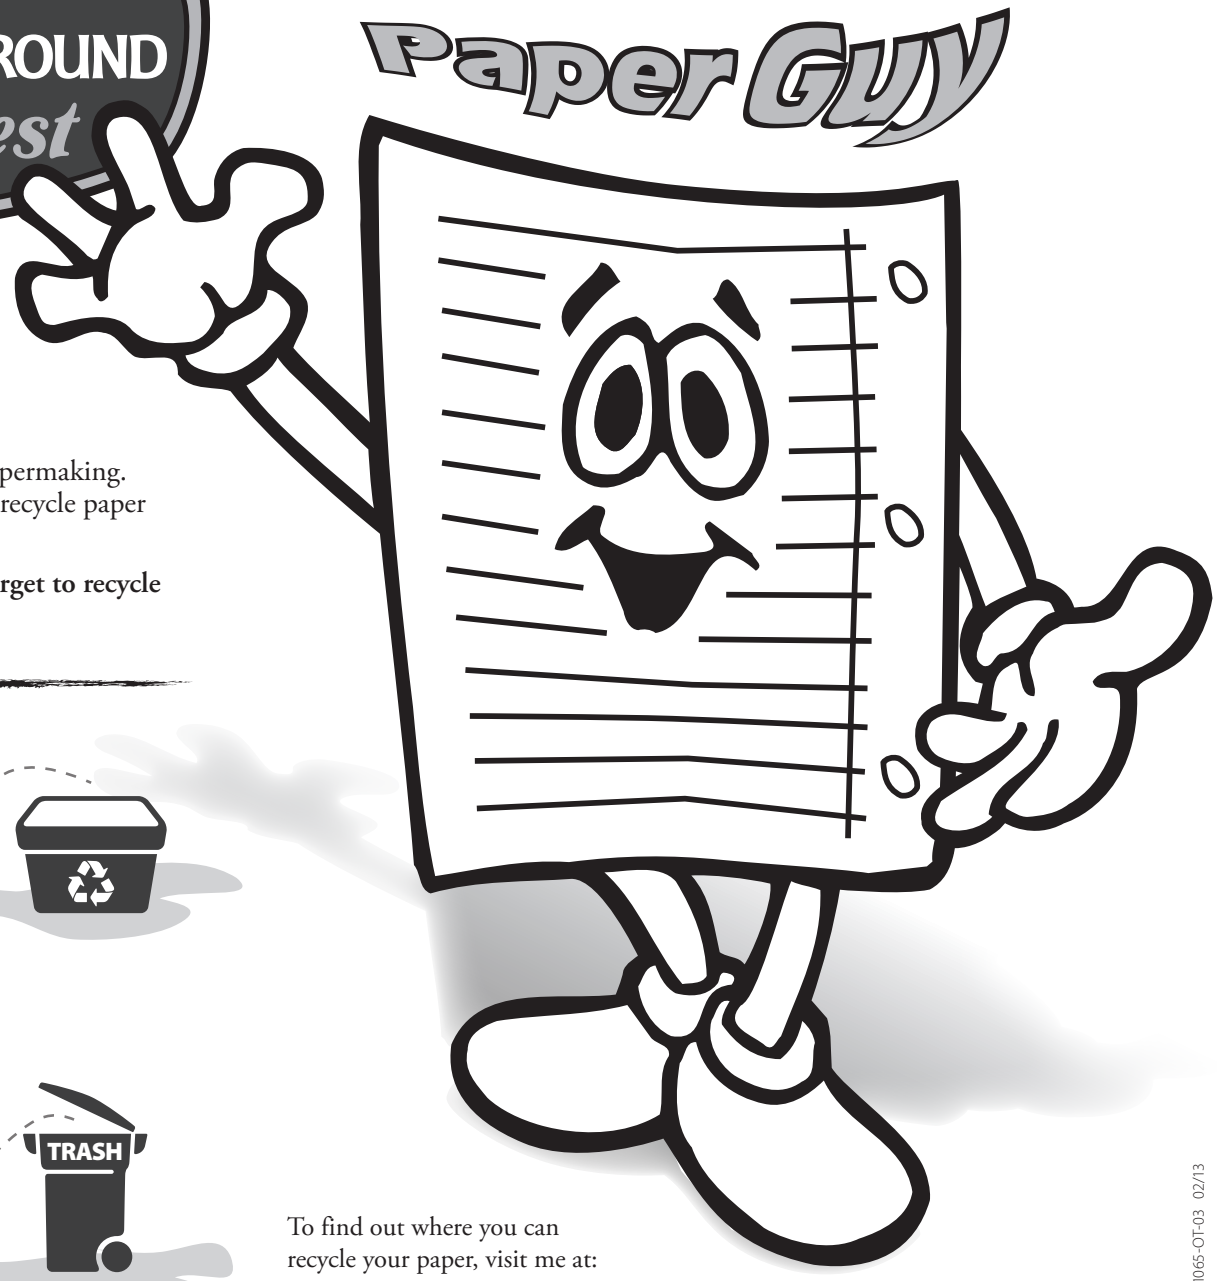
Environmental Quest
Paper Recycling
K-2 Grade



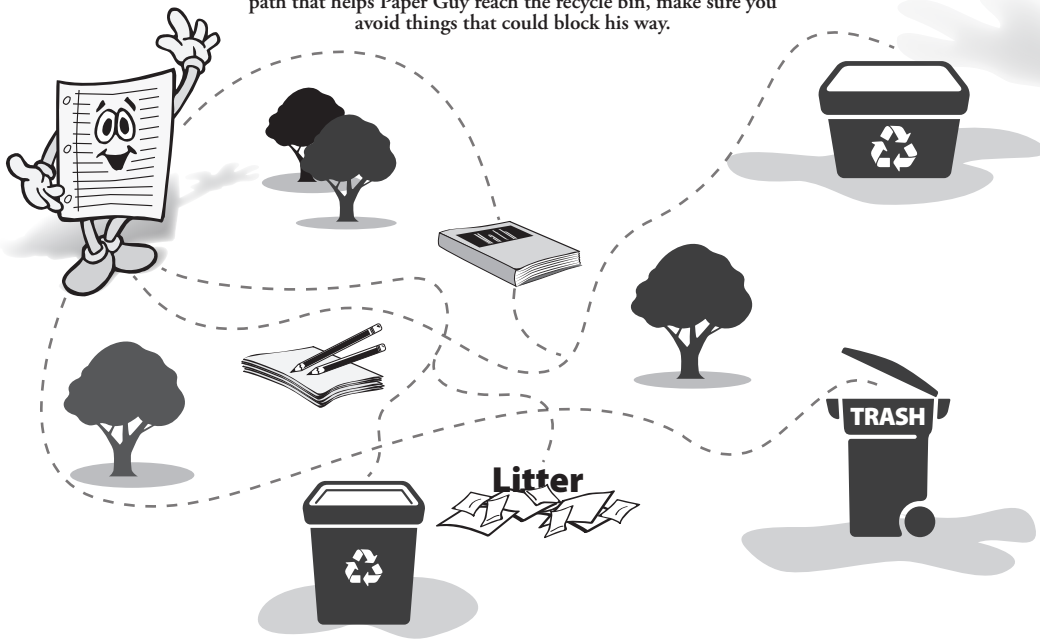
Hi there, I'm Paper Guy
and I'm here to tell you all about me!

Did you know that I am made from trees grown especially for papermaking. Paper is easy to recycle into new paper and it takes less energy to recycle paper than making brand new paper.

Now is a great time to clean out your desk and folders. Don't forget to recycle the paper you don't need any more.

Instructions:

Help paper guy make it to the recycle bin. Use a crayon to trace the path that helps Paper Guy reach the recycle bin, make sure you avoid things that could block his way.



To find out where you can recycle your paper, visit me at:
