Sled Base Chairs

- This model is also available without arms, has the same frame options as the four-leg chair with the unique "kick-back" leg. The non-stacking sled base glides effortlessly on carpeting.
- The sled base chair's back and seat are foam-cushioned and upholstered for maximum comfort. The compound curved backrest's 9-ply hardwood plywood is covered with an injection-molded polypropylene shroud.
- Chrome frame arm models have black arms and back shroud as standard, while chrome frame armless models have black plastic tube end-caps and back shrouds as standard.

PEN offers a variety of fabric options.

Cheyenne

The Cheyenne molded chair offers more durability and versatility for a stack chair at an affordable price. It works in any application where flexibility and resistance to wear is required of a high-density stack chair. Molded chairs have a higher curved back to provide for greater comfort and are available in many polypropylene (poly) colors. The Cheyenne is also available with fixed seat and back pads. These seat and backrest cushions are made for comfort. A transport dolly is also available. Both the padded and unpadded Cheyenne chairs stack. High-density stack seating and transport dollies make space reconfiguration easy. Quick and easy set up and tear down makes stack seating perfect for anything. Best of all, their stacking density means you can store a lot in a small space.

Features:

- Choose from poly or fabric seats and backs.
- A waterfall edge for unrestricted circulation.
- Distinct back curvature provides exceptional lumbar support and comfort.
- The back flexes for greater comfort. (The seat is hung from the lower back such that the user's weight counterbalances the back tilt.)
- Seats and backs are field replaceable for extended service life.
- To provide exceptional structural support for the seat, two die-formed 7-gauge straps are welded to the frame beneath the seat.
- High density stacking capabilities.
- Frame available in chrome or in powder coated black.
- Dolly (shown) easily transports up to 25 chairs (70" high)
- Tablet arm (shown) optional

Seat Dimensions: 18.25"w x 17.5"d

Navigator

If you had to pick one word to describe Navigator Seating, it would probably have to be versatility.

With its sturdy four-leg design and articulating back, Navigator Seating provides your guests with a high degree of ergonomic comfort. But that's only the beginning. It also allows users to fold up the seat and nest several chairs together... then collectively move them to where they need to go.

The Navigator is a natural for conference or training rooms when you don't always know exactly how many people will be attending. With the Navigator you can quickly roll out extra stored seating as needed.
