Healthcare Eligibility Chart for Adults

If you are an adult, the chart below will indicate the best initial place to apply for health care coverage under the Affordable Care Act. Adults with household incomes of approximately 138 percent of the Federal Poverty Level (FPL) or less should apply through the state of Indiana at www.dfrbenefits.IN.gov using the state application. Adults with household incomes between approximately 138 percent and 400 percent of the FPL may be eligible for subsidized coverage through the federal health exchange and should apply at www.Healthcare.gov using the federal application. Adults with household incomes over 400 percent FPL may apply for coverage at www.Healthcare.gov, but may also seek coverage via the existing commercial health insurance market.
