October 2022 Newsletter

ClassWallet

ClassWallet is the ESA account management vendor. Families can access their student's ClassWallet account directly from their ClassWallet portal. All payments for must be made after services have been rendered. Following each service, an invoice must be provided to the family by the service provider. The family is responsible for uploading any invoices into the ClassWallet platform to initiate the payment process. Payments are then reviewed by Account Specialists and once approved, are processed via ClassWallet.

Provider Information Form

Have you checked out our Approved Provider List? It can be found on the ESA home page and is updated multiple times a week! If you don't see a provider on the list that you'd hoped to, follow this link to a form where you can provide the ESA team some basic contact information. We will be happy to reach out to each provider to see if they are interested in applying!

Click here to access the form!
