Indiana Department of Homeland Security

One Year Progress Report for "in the process" Level III Trauma Center

Hospitals that were granted status as an "in the process" Level III Trauma Center are asked to provide sufficient documentation for the Indiana State Department of Health and the Indiana Department of Homeland Security to demonstrate that your hospital continues to comply with the following requirements:

1. **Trauma Medical Director.** The Trauma Medical Director must maintain an appropriate level of trauma-related extramural continuing medical education (16 hours annually or 48 hours over 3 years)

Dr. Francis is our Trauma medical director and has maintained ATLS and continuing education over the last 3 years. See attached file.

Has the Trauma Medical Director maintained 16 hours of trauma-related extramural continuing medical education since granted "in process" Level III Trauma Center status? *Provide the Trauma Medical Director's certificates for continuing medical education events since granted "in process" Level III Trauma Center status.*	☒ YES	☐ NO

2. **Submission of trauma data to the State Registry**. The hospital must be submitting data to the Indiana Trauma Registry following the Registry's data dictionary data standard within 30 days prior to application submission to ISDH and at least quarterly thereafter.

Franciscan St. Elizabeth Health, Lafayette has submitted data to the Indiana Trauma Registry using the Registry's data dictionary as a data standard. Data has been submitted within 30 days prior to the application submission and at least quarterly thereafter. Please see the attached file from Ramzi Nimry's records that indicate our facility was submitting data.

Has your hospital submitted trauma data to the State Registry quarterly since granted "in process" Level III Trauma Center status?	☒ YES	☐ NO

3. **Trauma Registrar.** Evidence must be submitted that the trauma registrar has attended two courses within 12 months of being hired.

1. American Trauma Society's Trauma Registrar Course or equivalent provided by state trauma program.	☒ YES	☐ NO
AND		
2. Association of the Advancement of Automotive Medicine's Injury Scaling Course.	☒ YES	☐ NO

Cheryl Peake, RN is Franciscan St. Elizabeth Health's Trauma Registrar. She attended two courses within 12 months of being hired. Please see the attached file.

4. **Trauma Surgeon response times.** Evidence must be submitted that response times for the Trauma Surgeon are as defined by the Optimal Resources document of the American College of Surgeons.

Trauma surgeons at FSEH, Lafayette have responded to the highest level of activation at least 80%. Please see the attached file.

Have your Trauma Surgeon's maintained a response time as defined by the Optimal Resources document of the American College of Surgeons since granted "in process" Level III Trauma Center status? *Provide your hospital's Trauma Surgeon response times including number of responses, response times and percentage within the required timeframe per Trauma Surgeon (documentation tool attached).* *Provide your hospital's monthly Trauma Surgeon physician call schedules since granted "in process" Level III Trauma Center status.*	☒ YES	☐ NO
Have the Trauma Surgeons maintained 16 hours of trauma-related extramural continuing medical education since granted "in process" Level III Trauma Center status? *Provide the Trauma Surgeons' certificates for continuing medical education events since granted "in process" Level III Trauma Center status.* **This was not required when we became an In-process trauma center or when we re-verified. Please see attached education.**	☐ YES	☒ NO

5. **Diversion policy**. The hospital must not be on diversion status more than 5% of the time. The hospital's documentation must include a record for the previous year showing dates and length of time for each time the hospital was on diversion.

Please see attached

Has your hospital maintained a diversion status of less than 5% of the time since granted "in process" Level III Trauma Center status? *Provide your hospital's diversion documentation showing reason for diversion and dates and length of time for each time the hospital was on diversion (documentation tool attached).*	☒ YES	☐ NO

6. **In-house Emergency Department physician coverage.** The Emergency Department must have a designated emergency physician director, supported by an appropriate number of additional physicians to ensure immediate care for injured patients.

Emergency Department physicians do not cover in-house emergencies. Hospitalist/Acute care services are on site 24/7 and cover in-house emergencies.

Neurosurgery, if applicable. The hospital must have a plan that determines which type of neurologic injuries should remain at the facility for treatment and which types of injuries should be transferred out for higher levels of care. If neurologically injured patients are admitted for at your facility, please provide your hospital's Neurosurgery physician call schedules since granted "in process" Level III Trauma Center status.

Orthopedic Surgery. There must be an orthopedic surgeon on call and promptly available 24 hours per day.

Critical Care Physician coverage. Physician coverage of the ICU must be available within 30 minutes, with a formal plan in place for emergency. There must be emergency coverage in-house 24 hours per day.

Have your Emergency Department have the appropriate number of physicians to ensure immediate care for injured patients?	Emergency Medicine: ☒ YES ☐ NO
If neurologically injured patients are admitted for at your facility, *please provide your hospital's Neurosurgery physician call schedules since granted "in process" Level III Trauma Center status.*	Neurosurgeons: ☒ YES ☐ NO ☐ N/A
Have your Orthopedic Surgeons and Critical Care Physicians maintained coverage 24 hours per day since granted "in process" Level III Trauma Center status? *Provide your hospital's monthly Emergency Medicine, Orthopedic and Critical Care physician call schedules since granted "in process" Level III Trauma Center status.*	Orthopedic Surgeons: ☒ YES ☐ NO Critical Care Physicians: ☒ YES ☐ NO

7. **Operational process performance improvement committee.** There must be a trauma program operational process performance improvement committee that meets at least quarterly.

Has your Trauma Program Operational Process Performance Committee met at least quarterly since granted "in process" Level III Trauma Center status? *Provide your hospital's committee meeting dates and times along with a roster of the committee members and their attendance (documentation tool attached).*	x YES ☐ NO

8. **Trauma Peer Review Committee.** There must be a multidisciplinary peer review committee with participation by the trauma medical director and representatives from General Surgery, Orthopedic Surgery, Neurosurgery, Emergency Medicine, and Anesthesia to improve trauma care by reviewing selected deaths, complications, and sentinel events with the objectives of identification of issues and appropriate responses. This committee must meet at least quarterly.

Has your Trauma Peer Review Committee met at least quarterly since granted "in process" Level III Trauma Center status?	x YES ☐ NO
Have the trauma medical director and representatives from General	Trauma Medical Director:

Surgery, Orthopedic Surgery, Neurosurgery, Emergency Medicine, and Anesthesia attended your multidisciplinary peer review committee at least 50% of meetings since granted "in process" Level III Trauma Center status? *Provide your hospital's committee meeting dates and times along with a roster of the committee members and their attendance (documentation tool attached).*	x YES ☐ NO General Surgeon: x YES ☐ NO Orthopedic Surgeon: x YES ☐ NO Neurosurgeon: x YES ☐ NO Emergency Medicine: x YES ☐ NO Anesthesia: x YES ☐ NO

9. **Trauma Volumes.** Complete the following tables. Do not include DOA's and direct admits.

Injury Severity and Mortality					
ISS	Total Number of Admissions	Number of Deaths from Total Trauma Admissions	Percent Mortality from Trauma Admissions	Number admitted to Trauma Service	Number of Trauma Patients Transferred out
0-9	907	27	2.43	491	83
10-15	153	8	0.72	99	11
16-24	34	1	0.09	30	8
> or/= 25	16	6	0.54	16	5
Total	1110	42	3.78	636	107

Total # of Trauma Patients Transferred Out	Average Time to Transfer (Arrival to Transfer)	Total # of Trauma Patients transferred after 120 minutes	Total # of Trauma Patients admitted to your facility with an ISS >25
107	181(min)	71	16

We include all same level falls in our data.
