Indiana Curriculum Evaluation Cost Sheet: Reading

Standard, not-to-exceed statewide pricing, as established below, will be posted on the IDOE website for curricula that are identified as high-quality through the curriculum evaluation process.

IDOE prefers a cost proposal that includes a cost structure based on a per student rate.

Costs should reflect a not-to-exceed value for schools/corporations to consider as they make adoption decisions. These documents will be posted for school and corporation awareness.

Costs assume a six-year adoption cycle.

Respondents should populate all applicable cells shaded in yellow for all grade levels/courses being submitted for review.
