In the event Mi-Case is chosen to fulfill this RFP, our company will serve as a subcontractor to Mi-Case for the purpose of supporting Offender Management System implementation activities.

Started in 2014 in Indianapolis, aFit is committed to be an ethical, responsive, and results-driven company providing information technology services. As an Indiana WBE subcontractor certified to provide information technology consultation, information technology service delivery, management advisory services, and education and training services, we anticipate providing services and staff augmentation in these areas to support project development, delivery, and maintenance.

Our subcontracted services will be in the amount of \$1,476,806 as 10% of the \$14,768,065. As requested in the RFP, these services would be provided for the life of the contract. aFit is willing to take on this project and to carry out our responsibilities as a subcontractor to Mi-Case.

We look forward to working with Mi-Case and the State of Indiana on this important initiative.
