### InLLA July 2014 Conference update

The Indiana State Library is very proud to support the Indiana Library Leadership Academy project which has involved 52 librarians from public, academic, school and special library environments across the state of Indiana. Over the past year, the 2013 InLLA cohort has completed a week-long intensive leadership conference, met online 5 times, reviewed over 30 videos, articles, and books to explore in-depth leadership topics, and met with their individual project groups countless times. The results of their year of intensive leadership work were presented at the Library Leadership Luncheon on Friday, July 25 at the Indiana State Library. Audience members included Indiana State Library staff, Indiana Library Federation staff, past InLLA alumni and members of [ISL's Professional Development Committee](#). The projects listed below provide support and assistance to the library community of Indiana and are made available on the [ISL Continuing Education website](#), under the [Indiana Library Leadership Academy](#) tab.

We thank all of our participants for their interest and support and offer our congratulations to the 2013 InLLA Cohort!

**Library Advocacy:** Using existing web-based library advocacy toolkits as a template, Indiana Libraries Out Loud have collected and curated resources which instruct, inform, and empower librarians in Indiana to tell their library's stories OUT LOUD! ### PDO Supervisor Shauna Borger says goodbye to ISL on Friday, August 8, 2014

Shauna Borger received her Masters of Library and Information Science from the University of Wisconsin - Milwaukee in 2009. She has worked for the Indiana State Library since 2011 as Evergreen Indiana Coordinator, Regional Coordinator, and most recently, as PDO Supervisor. Shauna has accepted a position in the library at the University of Wisconsin-Parkside and is excited to be returning to her home state of Wisconsin.

"I have enjoyed working with library professionals in Indiana during my time at the Indiana State Library. I feel lucky to have worked in a state with so many creative libraries that are dedicated to serving patrons in innovative and exciting ways.

Thank you to everyone who provided support and feedback throughout my involvement with many different ISL programs. I will continue to benefit from my experiences at ISL and with Indiana libraries for many years to come."

The Indiana State Library Foundation sponsored Marcia Caudell who presented Using Family Papers in Genealogy Research at the Conference. The Genealogy Division represented ISL at the Family History and Market and Book Fair, with a booth promoting the resources and materials located ISL.

#### **Culturally Competent**

**Libraries:** The Conversation Starters created a resource gateway for materials to help train librarians and library staff members in cultural competence; specifically, socio-economic diversity. The Conversation Starters group hopes that the website can be expanded to include cultural competency topics such as race, language, and religion at a later time.

The group created the website titled [Bridging the Gap](#) to address and provide socio-economic diversity resources. This site can be subscribed to in its entirety, or in specific sections. Especially relevant to librarians are the social media components that have been included. The Conversation Starters encourage feedback, comments and additions to Bridging the Gap.

**Library Publicity:** THIS is MY Library is a library campaign to change the image of libraries. Libraries are constantly evolving to meet their patron's needs. This resource was created to assist Indiana libraries in highlighting and promoting the new face of libraries. Libraries can use the templates and images available to create publicity materials such as bookmarks, and posters, etc. to promote your library and all the wonderful resources and services available both traditional and non-traditional. ### Amber Painter takes over as the ISL Southwest Regional Coordinator

ISL would like to welcome Amber Painter as the new Southwest Regional Coordinator. Amber graduated from Indiana University in 2011 with a M.L.S., and Saint Mary's College in 2007, with a B.A. in Studio Art with a minor in Political Science. She has over 8 years of experience working in Museums, Archives, and Public and Academic libraries. While attending Indiana University, Amber was a part of I-LLID's cohort 4, and credits the fellowship for expanding her awareness of the State Library's services, and impact on the libraries of all types throughout the state.

Amber previously worked at the Mitchell Community Public library, where she was able to gain firsthand experience with Evergreen Indiana, while serving a rural populace. Although no longer an employee of MCPL she is thrilled that her new position will afford her the opportunity to continue serving staff in Southwest Indiana.
