

Wildwood Nature Preserve

County: Kosciusko Size: 94 acres
Ownership: ACRES Land Trust

Location and Access

Parking and trails. The nature preserve is part of a larger (238 acre) conservation area managed by the ACRES Land Trust. It is located about 3 miles east of the town of Silver Lake, on the south side of SR 14. Several trails meander through the forest, wetlands, and prairie plantings.

Description: This nature preserve consists of a high-quality stand of oak-hickory forest on rolling topography, with dry, well-drained uplands and poorly-drained swamp forest in the depressions. There are numerous specimens of large white oak, chinquapin oak, swamp white oak, shagbark hickory, and black walnut. Prairie plantings, wetland restorations, and reforested tracts cover much of the surrounding conservation land.
