We are all Indiana small business's owners trying serve our state and Costumers best way buying under rule 32.1 so can provide Costumer on lower buying price from convenience store . If Every small business have right buying . Only that makes buisness stay in business. Our state leaders want to grow Indiana bigger in buisness industry . If larger wholesalers keep taking a place of Indiana small buisness. It is not convince for even Indiana residents. Not everyone can drive to buy daily uses from Larger chain stores ; Since gas prices are not cheap . If we are not buying under rule 32.1 . It is going impact small businesses owner and also same time affecting a cost for buyer . Rule 32.1 is not effecting bigger chain store and wholesaler either way . We wish our state leaders have think about same time about small business owner and Indiana residents keep convince for local industry.

Thanks
