

Felicia Gray

Feels like Karma paid a visit... I mean he condoned killing immigrants and trans people. He was quoted as saying mass shootings are the process you pay for the second amendment and it was worth it. Don't go clutching your pearls... what the hell do you people expect?! This is the beginning of the darkest period in our country's history. We have a rapist dictator and the Christian Taliban of White Nationalists. Seriously... read the effing room
