24-Hour Registration Renewal Kiosk Opens in Noblesville

FOR IMMEDIATE RELEASE

November 5, 2014

INDIANAPOLIS – Don Snemis, Commissioner of the Indiana Bureau of Motor Vehicles (BMV), announced today that a 24-hour registration renewal kiosk has opened next door to the Noblesville license branch.

“Registration renewals are our number one in-branch transaction,” said Snemis. “Our new self-service kiosk provides customers a new and easy way to renew their registrations 24 hours per day, 7 days per week. Kiosk users will receive their new registration sticker from the kiosk. In addition to providing this convenience to our customers, we believe that the kiosk will help keep wait times at the branch short during normal hours. This is our only 24/7 kiosk. If it proves popular with customers, we will consider installing others at branches around the state.”

The 24-hour registration renewal kiosk accepts cash, check and credit cards, except on weekends when it only accepts checks and credit cards. Security cameras have been installed to ensure the safety of customers.

In addition to using the kiosk and nearby branches, Noblesville residents can complete BMV transactions online at www.myBMV.com, over the phone 1-888-692-6841 or by using the BMV’s smart phone applications.
