

BMV Protecting Your Identity

# Indiana Driver's License and ID Card Security and Authenticity

\*UV features are only visible under an ultraviolet light source.

**Credential types include:** Operator License; Learner Permit; Identification Card; Commercial Driver's License; Chauffeur License; PP Chauffeur License.

## Simple Steps to Catch Fraudulent DLs and IDs

### SecureID/Non-SecureID Cards

In January 2010, the Indiana Bureau of Motor Vehicles (BMV) introduced a SecureID driver's license and SecureID identification card. A gold star in the upper right corner of the credential indicates the issued card complies with the federal identification standards. The BMV issues SecureID credentials only after the identity, Social Security number, lawful status and proof of Indiana residency of the card holder is verified. The word "Temporary" appears on the upper left hand corner on the face of a card if the holder is a foreign national with temporary lawful status.

### Legacy Cards (Non-SecureID)

United States citizens who currently hold a valid Indiana driver's license or identification card and wish to wait to get a SecureID are eligible to apply for a Legacy credential.

### Cards Issued To Minors

A driver's license or identification card issued to a minor is printed in a vertical format and designates when the individual will reach the ages of 18 and 21.

### Look

- Photograph contains overlapping data printed in both standard and Ultraviolet (UV) print. Two other matching "ghost" images appear on the card (visible and UV).
- Date of birth on the front of the card must match that on the back top right corner.
- UV features (shown above) must appear when lit.
- When turning the ID in the light, background outlines on the card's face must flash in and out of vision and should not be consistently bright.

### Feel

- Physically handle the bare card and feel for raised edges, glue lines or bumpy surfaces by the photo or birth date. Uneven surfaces indicate tampering.

# Interim / Extension Credential

## Front

Credential Purpose      Issue Date      Expiration Date

INTERIM/EXTENSION INDIANA OPERATOR      **EXPIRES: 11/02/2015**

**Valid for Driving Privileges and Voter Identification Only**
