Indiana BMV Ranked Top 10 Website

INDIANAPOLIS – Commissioner of the Indiana Bureau of Motor Vehicles (BMV), Don Snemis, announced today that DMV.com has ranked the Indiana BMV as number six in their Top Ten State DMV Websites in America. [DMV.com](#) listed online services, ease of use and informative detail as some of myBMV.com’s highlights:

The online services offered through the Indiana BMV website are consistently made available in the top right hand of the website for ease of use to the user. The website is comprehensive with quick access to service offerings and content straight from the homepage. The level of detail is excellent though the pages can look a little jam packed with information. The video message directly from BMV Commissioner Don Snemis is a nice personal touch that highlights some of the benefits of their extensive online services.

“We are extremely proud of myBMV.com and the convenience it provides to Hoosiers,” said Snemis. “Not only is the website full of information about driving in Indiana, it also offers many online services for customers to complete transactions in the comfort of their home or on the go with our smartphone app.”

DMV.com used a scoring system that evaluated content, online services, usability and design to rank each state’s website. In 2014, DMV.com also ranked the Indiana BMV in the [Top 3 States in DMV Customer Satisfaction](#).
