

# Driver Ability Program

Driving on Indiana Roads is a way of life for many Indiana Residents. One may spend years honing their physical and mental abilities to maintain independent driving privileges. In time, one may experience a life changing event that could alter their ability to maintain safe driving practices. A life changing event could be a potential physical, mental or vision disability. The Driver Ability Department for the Indiana Bureau of Motor Vehicles is tasked with investigating requests for reviews of Indiana drivers who may be showing signs of diminished driving skills.
