I. **Welcome**

- Mike Alley, Committee Chair

II. **[Housing Instability Stability and Food Insecurity Survey Report](#)**

- Dr. Maggie Stevens, CEO and President, Foster Success

Earlier this year, Foster Success and the [Indiana Commission for Higher Education](#) surveyed all Indiana public colleges and universities to gather information on the ways campuses support students facing housing and food insecurity. The survey report was funded through a grant from [United Way of Central Indiana](#). Survey design, analysis support and interview facilitation were provided by [Chamberlin/Dunn LLC](#). Representatives from 27 unique campuses responded – which is about 76 percent of Indiana public colleges and universities.

The report reveals that while most campuses who responded have resources in place to assist students experiencing food and/or housing insecurity, there is a significant lack of high-quality data capturing the prevalence of such barriers and challenges.

III. **Indiana's Equity Officer Overview**

- Liz Walker, Assistant Commissioner & Chief Strategy Officer

The Student Success Committee Charge

“The Student Success and Completion Committee will develop policy and practice initiatives to support Hoosier students in graduating from college on time and without excessive debt.”
