<b>DISCUSSION ITEM E:</b>	Website Redesign and Improvements										
Staff Recommendation	For discussion only.										
Background	<ul> <li>CHE's website is expected to relaunch by June 5, 2008 with an updated look and feel that reflects IN.gov website standards. The new website features:</li> <li>New sections that align directly with Reaching Higher, including the Indiana's Higher Education Dashboard and Institutional Progress Reports.</li> <li>A series of flash "billboards" that can be used to reflect important, timely information or draw users to a specific section of the website.</li> <li>A robust Content Management System which will allow CHE staff to change content and manage pages quickly and efficiently.</li> <li>New "dropdown" navigation that allows users to find the pages they need quickly and easily.</li> <li>Dual "question" and "I want to" navigation that will enable users to get to the page that answers their question.</li> </ul>
