Rebecca Torstrick, Sr Asst Vice President for University Academic Affairs

Supporting All Students
at Indiana University
Admitting At-Risk Students at Indiana University

- Conditional admission possible (except IUB)
- Combination of test scores and high school GPA
- Students may be required to participate in a summer bridge program, take a success course their first semester, or meet regularly with their advisor.
- Marker is retained for entire academic career
The Partnership

The ABC program is a partnership between the Indiana University regional campuses in Kokomo, Gary and South Bend in conjunction with the Ivy Tech Community College campuses of northern and north central Indiana. The ABC program represents the proven formula in higher education that students who earn an Associate’s degree at a community college are much more likely to go on to earn their Bachelor’s degree at a college or university.

The ABC program provides full-time Ivy Tech students with an excellent pathway to earn quality, accessible, and affordable associate and bachelor’s degrees which will increase their opportunities for a professional career. There is nothing to lose and everything to gain by enrolling in the ABC program. Enrollment does not limit transfer options in any way. In fact, if an Ivy Tech student decides to transfer to IU Kokomo, IU Northwest, or IU South Bend, they will have guaranteed admission and other advantages not available to non-ABC students. It is easy to enroll and it’s free.

Pathways to Indiana University East

Pathways is a program created by Indiana University East and Ivy Tech Community College to offer an affordable, accessible bridge from Ivy Tech Community College courses, credits and associates degree programs to IU East baccalaureate degree programs. Take advantage of the different opportunities provided by this program.
Academic Success

The Community of Care Pathways Program guides students who encounter (or anticipate) academic difficulty for any reason. Titan Success Coaches and Academic Advisors work with students requiring assistance during their time at IU South Bend.

Pathway to Achievement

Sometimes college students encounter academic and personal obstacles that can derail their college plans. For these students, the challenges of navigating college life are often overwhelming. The Academic Support Center (ASC) can help.

Brother2Brother (B2B) College Success Program

Saving Lives ... Salvaging Dreams

Welcome to the Student Success Center

The staff of the Student Success Center strives to maintain where learning can flourish, and we look forward to working academic goals at IU Southeast. Please, call us at (812) 941 any of our services. You can also e-mail us at sssc@ius.edu.

Extreme Summer JUMPSTART welcomes all first-year students to a five-day college prep adventure. Students will get a head start for college before classes even begin. This August program offers students the opportunity to experience academic success as they explore IU East. Students will learn what to expect in college, brush up on academic skills, gain self-confidence, and discover what services are available on campus.
IU’s Regionals Reimagined the First Year

- Student-friendly policy revisions
- Data-informed practice
- Clear, supportive communication
- Faculty & staff training
- Building noncognitive skills

Example: FYE redesign
Metrics to Measure Success

- Average 1st year credit accumulation
- % of students passing all courses
- Gateway course success
- Student Performance in Later Courses
- Persistence to second year
- Major Declaration
- On-Time Graduation
These conversations nudge students into reflecting on their deeper goals/motivations, imagining or brainstorming options, generating personally appropriate action steps, and committing to follow-through.
Engaging Faculty in Student Success

FLAGS for Faculty and Staff

This section introduces faculty and staff members to Indiana University's FLAG initiative (Fostering Learning, Achievement, and Graduation Success). A key component of this system is a course-based, early feedback tool that allows faculty to communicate with students about how they are doing in a class and make recommendations to improve or deepen their learning. Here, faculty and staff members will learn how the system works, the types of feedback it provides, and how the feedback can translate into better outcomes for our students.

Student Engagement Roster

Quizzes and Exams
- No feedback
- Strong performance on quizzes/exams
- Poor performance on quizzes/exams
- Not completing quizzes/exams

Writing Skills
- No feedback
- Strong writing skills
- Needs improvement in writing skills

Quantitative Skills
- No feedback
- Strong quantitative skills
- Needs improvement in quantitative skills

Recommendations

Assistance Needed
- Consult with instructor
- Consult with academic advisor
- Consult with teaching assistant
- Consult with Dean of Students
- Attend department help session
- Seek course tutoring
- Seek study skills help
- Consult with writing lab/center for help
- Consult with math lab/center for help
- Consult with tech lab/center for help
- Consult with a peer coach

Encouragement
- Keep up the good work
- Consider additional courses in this field of study
- Consider honors program
- Explore undergraduate research opportunities
- Consider minoring/majoring in this subject
- Consider graduate school
- Consider getting published
- Consider joining student groups in this discipline
- Consider study abroad
- Consult with Career Services about options
Probation and Dismissal

Probation in stages:  Low impact, High impact, Academic Dismissal

Low impact:  Cumulative GPA below 2.0
High Impact:  Subsequent term GPA below 2.0
Academic Dismissal:  Further term GPA below 2.0

Supports:  special probation programs, intensive advising, probation contracts, success coaches, reduced course loads, peer mentoring, study skills workshops.

Academic Reinstatement:  Opportunity to return; petition
Three ways you can fight back against debt

Crunch the numbers
It's way easier to figure out how you're going to pay for college when you know what it's going to cost.

Educate yo'self
Arm yourself with the money smarts you need to make the right financial decisions.

Borrow our brains
Two heads are better than one—especially when it comes to solving money issues. Schedule a meeting and let us help you make a plan.
MoneySmarts U, a series of easy-to-review lessons that will equip you with the information you need to make smart financial decisions.

To start learning, click on the image to select your preferred mode of learning: By status, which will provide lessons based on your year in school; or by situation, such as student athlete, international student, or financially independent.

As you finish with each page of material in the course, simply look for the "next" or "previous" buttons at the bottom of the screen to move ahead or back in the lesson.
