

Commission on Improving *the* Status of Children in Indiana

FACT SHEET: INFORMATION SHARING GUIDE (ISG) & MOBILE APP

- The Information Sharing Guide (ISG) is a reference work/white paper developed under the aegis of the Data Sharing & Mapping Committee of the Commission on Improving the Status of Children in Indiana (Children’s Commission), to streamline the process of sharing information between child-serving stakeholders.
- Subject-matter experts and agency attorneys helped produce the contents of the ISG white paper. The Indiana Attorney General’s Office reviewed the legal content of the white paper for accuracy, and Attorney General Zoeller officially endorsed the Guide.
- To make the contents of the ISG as accessible as possible, the Indiana Office of Technology helped develop a mobile application for both the iOS and Android platforms. A desktop/website version of the app was also developed.
