The Indiana Commission to Combat Drug Abuse

Behavioral Health Division

Comprehensive Community Plan

County: Floyd

LCC Name: Floyd County ATOD Task Force, LCC

LCC Contact: Casey Nesmith

Address:2524 Corydon Pike, Box 10

City:New Albany

Phone: 502-523-4963

Email: floydcountyatod@gmail.com

County Commissioners: Floyd County Commissioners

Address: Pineview Government Center, 2524 Corydon Pike, Suite #204

City: New Albany

Zip Code: 47150

Vision Statement

What is your Local Coordinating Council's vision statement?

To provide collaborative opportunities between organizations in Floyd County with the goal to decrease or eliminate substance abuse related issues, direct or indirect, within the community.

Mission Statement

What is your Local Coordinating Council's mission statement?

The mission of the ATOD Task Force is to provide an organization through which the community can plan and implement efforts to address the problems of substance abuse and dependency in the Floyd County community.

Membership List					
#	Name	Organization	Race	Gender	Category
1	Wade Thaxton	Brandon's House	W	M	Treatment/Intervention
2	Brittani Hoyer	Brandon's House	W	F	Treatment/Intervention
3	Terri Apple	Brandon's House	W	F	Treatment/Intervention
4	Bis. Richard Johnson	Christian Formation Ministries, Inc.	W	M	Prevention/Education

LCC Meeting Schedule:

Please provide the months the LCC meets throughout the year:

Meetings meet at:

The Floyd County Library 180 W Spring St, New Albany, IN 47150

Dates:

1/10/2023

2/14/2023

3/14/2023

4/11/2023

5/9/2023

6/13/2023

7/11/2023

8/8/2023

9/12/2023

10/10/2023

11/14/2023

12/12/2023

Community Needs Assessment: Results

The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.

Community Profile

County Name

Floyd County

County Population

According to the 2020 United States Census, Floyd County's population is 80,484 (previous 78,522)

Schools in the community

Indiana University SE, Purdue Polytechnic Institute, Ivy Tech Community College (Clark County), New Albany-Floyd County School Corporation, Our Lady of Providence Junior-Senior High School (Clark County), New Albany Deanery Schools, Christian Academy of Indiana, Community Montessori, Adult Education Region 10

Medical care providers in the community (hospitals, health care centers, medical centers/clinics, etc.)

Baptist Health Floyd, Family Health Centers of Southern Indiana, Floyd County Health Department, Lifespring Health Systems, Optum Health, Various pharmacy clinics, Norton's clinics

Mental health care providers in the community (hospitals with psychiatric/behavioral health units, mental health clinics, private/public providers, etc.)

Lifespring Health Systems, Wellstone Regional Hospital (Clark County), Associates in Counseling and Psychotherapy, Nova Counseling Solutions, Personal Counseling Services, INC (Clark County), Brandon's House Counseling Service, Clark Memorial Behavioral Health (Clark County), The Growth Center for Counseling and Wellness, Centerstone/Seven Counties (Jefferson County, Kentucky), Selah House (Clark County), Avenues, Olive Tree, Brightwell, Growing Bridges, Child Place, Family Ark, ACP, Ireland, Family and Children's Place, Peace for Life, Sunrise Recovery, Katelyn's Place, School based social work, Auxillium

Service agencies/organizations

Our Place Drug and Alcohol Education Services, INC., Open Door Youth Services, Clark County Youth Shelter (Clark County), The Breakaway Recovery, Christian Formation Ministries, INC, Lifespring Health Systems, Homeless Coalition of Southern Indiana, Catalyst Rescue Mission, St. Elizabeth, Choices, Center for Women and Families, Exit 0, Nomads, Hoosier Hills Pact, NFP, Floyd County Library, Hope SI, St. Mark's, WorkOne, Surge

Community Risk and Protective Factors

Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.

<u>Risk Factors Examples:</u> trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

<u>Protective Factors Examples:</u> strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.¹

Ri	Risk Factors		Resources/Assets		Limitations/Gaps		
1.	Availability of alcohol and other drugs	1. 2.	Strong School Community Floyd County ATC Board	 1. 2. 3. 4. 	Police)-not frequent enough vendor compliance checks Location along 4 major interstates/major metropolitan area		
2.	Stigma and lack of understanding and awareness of substance misuse issues	1. 2. 3. 4.	Family and Children's Place programming Open Door Youth Services Programming Our Place Programming ECHO team		Lack of in-depth community assessment Lack of knowledge to navigate systems Stigma when resources are needed Impact of COVID-19 on mental health/substance misuse issues		
3.	Mental health problems	1.	Numerous mental health care providers (Life Spring, ACP, PCS, Wellstone)	1. 2.	Access to health insurance Co-occurrence of Mental health/substance abuse		

¹Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

_

	2. Systems of Care	3. Impact of COVID-19 on mental health/substance misuse leading to increase of both.
Protective Factors	Resources/Assets	Limitations/Gaps
1. Numerous mental health care providers	 Lifespring Health Systems Associate's in Counseling and Psychotherapy Personal Counseling Services, INC. Wellstone Regional Hospital Others 	 Stigma of mental health Access to health insurance Lack of public transportation options Most of these are in Clark County Waitlists
2. Community based interventions	 IN addiction website Systems of Care Our Place, INC Youth Count 	Little to no community member and youth involvement in decision making Lack of public transportation options
3. Supportive school systems	 Supportive administrators Overlap of services between schools and community Substance abuse prevention/education in schools (Our Place, Open Door, Family and Children's Place) Embedded school social workers LifeSpring/Centerstone Wraparound Mentor Mii 	 Large population at public schools- students fall through the cracks Proximity to urban area Lack of parental involvement Negative community influence (supportive of substance use) School policies not updated
4. Extra-curricular activities	 Faith community Sports (school based and not) Clubs 4H-clubs, junior leaders Scouts Voice New Albany and Floyd County Parks Library-Teen Scene 	 Not everyone is religious Lack of transportation Lack of support systems Financial Resources

Making A Community Action Plan

Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems.

- Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements
- Step 2: Ensure your problem statements are evidence-informed, then prioritize
- Step 3: Brainstorm what can be done about each
- Step 4: Prioritize your list, and develop SMART goal statements for each
- Step 5: List the steps to achieve each goal

Step 1: Create + Categorize Problem Statements

Create problem statements as they relate to each of the identified risk factors.

Risk Factors	Problem Statement(s)
1. Availability of alcohol and other drugs	In Floyd County, youth and adults use and misuse alcohol.
	2. In Floyd County, youth and adults use and misuse marijuana/THC.
	3. In Floyd County, parents and other adults provide substances for youth.
	4. In Floyd County, adults use and misuse opioids and other illegal substances.
	5. In Floyd County, youth have access to and use nicotine products.
Stigma and lack of understanding and awareness of substance misuse issues	1. In Floyd County, community norms support accepting and enabling attitudes towards vaping (nicotine/THC).
	2. In Floyd County, youth and adults use (nicotine/THC) without considering the risk of <u>addiction</u> or legal ramifications and laws.
3. Mental Health Problems	1. Lack of protective factors.

2. In Floyd County, clients lack access to mental health treatment due to public transportation, staffing issues, and waiting lists.
3. In Floyd County, COVID-19 has led to an increase in mental health issues (pandemic trauma response) (impact on families, isolation).

Step 2: Evidence-Informed Problem Statements

Identify your top three problem statements using local or state data. Ensure that there is a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).

Problem S	tatements	Data That Establishes Problem	Data Source
1. In Floy	d County,	Treatment episodes reporting Alcohol	Indiana Dept of education

	51.1% of 12 th in Region 9 considered to	
	have Low Protection on School	
	Rewards for Pro-Social Involvement.	

Step 3: Brainstorm

Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.

Pr	oblem Statements	What	can be done (action)?
1.	In Floyd County, Youth and Adults use	1.	Continue to include discussion on
	and misuse alcohol.		risks of alcohol use in programming
			and classrooms.
		2.	Increase collaboration among member
			agencies to offer positive alternatives
			that can help residents avoid risks.
		3.	Increase the number of treatment
			referrals, including referrals to sober
			living and halfway houses.
		4.	Increase the number of inspections by
			excise police to strengthen
			enforcement
2.	In Floyd County, youth and adults use	1.	Continue to include topic in
	(nicotine/THC) without considering the		programming, offer information
	risk of <u>addiction</u> or legal ramifications and		sessions and education outlining the
	laws.		risks of substance use including the
		_	current laws for Indiana.
		2.	Continued assessment referral to
			substance misuse and mental health
			treatment services.
		3.	Screening for THC in
	T 1 C	1	treatment/justice services.
3.	Lack of protective factors.	1.	Information sessions and education for
			community members, stakeholders,
			and those who are identified as being
		2	at risk.
		2.	Increase collaboration among member
			agencies to offer positive alternatives
			that can help residents build protective factors.
		2	
		3.	Use media to address stigma and increase connection to resources.
		1	Spread awareness of ACEs.
			Increase awareness of resiliency skills
		٥.	•
			in youth and adults.

Step 4: Develop SMART Goal Statements

For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.

Problem Statement #1- In Floyd County, Youth and Adults use and misuse alcohol.

Goal 1

4% less youth will report alcohol use as measured by a decrease in reported last month use in Region 9 INYS data in 2024 (next survey year).

12% 8th, 19.9% 10th, 28.1% of 12th graders reported using alcohol in the last month in Region 9 (Floyd County's region) of 2020 INYS.

8.6% 8th, 8.6% 10th, 16.3% of 12th graders reported using alcohol in the last month in Region 9 (Floyd County's region) of 2022 INYS.

Goal 2

Floyd County wants to see an increase in the awareness of alcohol treatment options for Floyd County Residents. Floyd County will see an increase in the number of treatment episodes reporting alcohol use by 10% by May 2024 when 2023 SEOW data is available to demonstrate increased awareness and access to alcohol treatment.

There were 145 treatment episodes reporting alcohol use in 2020; 90 in 2021(2020-2021).

Problem Statement #2- In Floyd County, youth and adults use the combination of nicotine and marijuana without considering the risk of <u>addiction</u> or legal ramifications and laws.

Goal 1

2% less youth will report marijuana use as measured by a decrease in reported last month use in Region 9 INYS data in 2024 (next survey year).

5.9% 8th, 12.7% 10th, 18.5% of 12th graders reported using marijuana in the last month in Region 9 (Floyd County's region) of 2020 INYS.

4.2% 8th, 5.9% 10th, 9% of 12th graders reported using marijuana in the last month in Region 9 (Floyd County's region) of 2022 INYS

Goal 2

Floyd County ATOD member agencies will increase awareness of the potential dangers (including addiction) of vaping THC and nicotine by holding 10 information sessions by March 31, 2024.

Problem Statement #3- Lack of protective factors.

Goal 1

Floyd County ATOD member agencies will hold 5 sessions on ACES and building resiliency skills in families by March 31, 2024.

Goal 2

Floyd County ATOD will assess coalition collaboration with a coalition member survey by March 31, 2024.

Step 5: Plans to Achieve Goals

For each goal, list the steps required to achieve each.

Problem Statement #1	Steps	
Goal 1	Promote and Utilize Evidence	e

	3. Analyze survey results.

Fund Document

The fund document allows the LCC to provide finances available to the coalition at the beginning of the year. The fund document gauges an LCC's fiscal wellness to empower their implementation of growth within their community. The fund document also ensures LCCs meet the statutory requirement of funding programs within the three categories of (1) Prevention/Education, (2) Treatment/Intervention, and (3) Criminal Justice Services and Activities (IC 5-2-11-5).
