--	--	---

Step 3: Brainstorm

Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.

Problem Statements	What can be done (action)?
1. There continues to be alcohol use among youth and alcohol abuse among adults in Hamilton County.	1. Continue support of Jail based intervention/education/recovery services. 2. Continue support of prevention/education programming among youth and parents. 3. Continue support of youth led healthy alternative activities.
2. There continues to be drug abuse among youth and adults in Hamilton County.	1. Continue support of Narcan training and availability of Narcan. 2. Continue support of treatment/recovery programming in the community including justice system programs. 3. Continue support of community interventions such as Quick Response Teams and Mobile Integrated Health systems.
3. There continues to be tobacco product and nicotine vaping use among youth and adults in Hamilton County.	1. Continue support of tobacco prevention education and programs. 2. Continue support with treatment/recovery programs. 3. Continue support of community education events.

Step 4: Develop SMART Goal Statements

Problem Statement #1
Goal 1 Decrease alcohol related offenses among youth by 1% annually. After evaluating its SMART goal, Hamilton County found that it decreased offenses significantly. However, the goal will remain the same and be re-evaluated each year.

Goal 2

Decrease alcohol related offenses among adults by 1% annually.

After evaluating its SMART goal, Hamilton County found that it decreased offenses significantly. However, the goal will remain the same and be re-evaluated each year.

Problem Statement #2

Goal 1

Decrease marijuana related offenses among youth by 1% annually.

After evaluating its SMART goal, The HCCOAOD coalition members chose to keep this goal the same.

Goal 2

Decrease marijuana related offenses among adults by 1% annually.

After evaluating its SMART goal, The HCCOAOD coalition members chose to keep this goal the same.

Goal 3

Decrease Opioid Overdose fatalities by 1% annually.

After evaluating its SMART goal, The HCCOAOD coalition members chose to keep this goal the same.

Goal 4

Decrease Controlled substances offenses by 1% annually.

After evaluating its SMART goal, the HCCOAOD coalition members chose to keep this goal the same.

Problem Statement #3

Goal 1

Decrease smoking rates among adults by 1% annually.

After evaluating its SMART goal, smoking rates have gone up according to the data. The HCCOAOD coalition members chose to keep this goal the same.

Goal 2

Decrease tobacco product and devices possession offenses among youth at school by 1% annually.

After evaluating its SMART goal with current data, the HCCOAOD coalition members chose to keep the goal the same.

Step 5: Plans to Achieve Goals

Problem Statement #1	Steps
<p>Goal 1</p> <p>Decrease alcohol related offenses among youth by 1% annually.</p>	<p>1. Fund prevention/education programming that targets youth focused on alcohol abuse.</p> <p>2.
