

# The Indiana Commission to Combat Drug Abuse

## *Behavioral Health Division*

Plan for April 1, 2024 to March 31, 2025 ADJUSTED APRIL 24, 2024

## **Comprehensive Community Plan**

County: HENRY

LCC Name: A.R.I.E.S. Substance Abuse Council of Henry County

LCC Contact: Butch Baker

Address: 1215 Race St., Ste. #160

City: New Castle, IN 47362

Phone: 765-545-0295

Email: [bbaker@henrycounty.in.gov](mailto:bbaker@henrycounty.in.gov)

County Commissioner: President: Steve Dellilnger, Susan Huhn, Joe Wiley

Address: 101 South Main Street

City: New Castle, IN

Zip Code: 47362

## **Vision Statement**

What is your Local Coordinating Council's vision statement?

A.R.I.E.S. exists as a community agency that partnerships with other efforts to improve healthy lifestyles in Henry County through prevention, education, treatment, and enforcement of substance use issues for youth and adults.

## **Mission Statement**

What is your Local Coordinating Council's mission statement?

The Mission of A.R.I.E.S. Henry County Substance Abuse Council is to develop, coordinate, promote, and reduce the problems associated with substance use in Henry County in order to enhance family and community life. To work cooperatively with the community and area agencies on behalf of its youth and adults to reduce substance use through intervention, education and support.

<b>Membership List</b>					
<b>#</b>	<b>Name</b>	<b>Organization</b>	<b>Race</b>	<b>Gender</b>	<b>Category</b>
1	<b>Butch Baker, Chair</b>	<b>Community Corrections</b>	<b>White</b>	<b>Male</b>	<b>Emergency, Civic Organizations, Parent</b>
2	<b>Brian Clark</b>	<b>Chief EMS New Castle</b>	<b>White</b>	<b>Male</b>	<b>Emergency, City Coroner</b>
3	<b>Mandy Fleming</b>	<b>HCounty EMS Exec. Director</b>	<b>White</b>	<b>Female</b>	<b>Emergency, Parent, Community Agencies</b>

15	<b>Scott Widner</b>	<b>Shen Jr High School, Prin.</b>	<b>White</b>	<b>Male</b>	<b>Education, Self-Help, Parent</b>
16	<b>Joni Williams</b>	<b>Community Corrections</b>	<b>White</b>	<b>Female</b>	<b>Government, Self Help, Parent</b>

--	--	--	--	--	--

\*Note: Individuals listed as community volunteers are not considered official board members and their inability to attend various meetings will not be considered in the overall attendance requirements. =

### LCC Meeting Schedule:

Please provide the months the LCC meets throughout the year:

Meet the 2<sup>nd</sup> Tuesday of the month (except July) at 12 noon in the 911 Training Room, Justice Center, 1215 Race Street, New Castle.

In the 2025-26 year, each grantee will be asked to attend at least one meeting. This is to help the grantee have a clearer vision of what ARIES is about, allow Board members to know more about the programs, and identify any needs/changes that would benefit the community. This has worked by stimulating Board members to become more involved in the various programs of A.R.I.E.S.

## II. Community Needs Assessment

*The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.*

### Community Profile

County Name
HENRY
County Population 48935 (2021 Stats Indiana)
Schools in the community Blue River Valley School Corporation: Jr/Sr High and Elementary Charles A Beard School Corporation: Sr High, Intermediate, and Elementary New Castle School Corporation: Sr. High, Jr. High, Elementary (Eastwood, Parker, Riley, Sunnyside, Westwood, and Wilbur Wright) Shenandoah School Corporation: Sr. High, Jr. High, Elementary South Henry School Corporation: Tri Jr/Sr. High, Elementary Ivy Tech Community College New Castle Area Career Center

<p>List all substance use/misuse services/activities/programs presently taking place in the community:</p> <p>JRAP at HCSO - Community Corrections treatment programs - Drug Court - Veterans Court -Vaping Intervention for Youth – Youth Substance Abuse Program – IOP – Henry County Court Services -NA</p>

and AA - Too Good for Drugs (for all 2<sup>nd</sup> and 3<sup>rd</sup> graders in county) - - Educational Exhibits with participation at all Community Fairs in County - Red Ribbon Week Speaker for all school systems in County, churches (upon request) – The Guest House – plus agencies listed under Mental Health, Hagar House, Williams House, Breanna’s Hope, Unchained, Women’s Recovery Center

## Community Risk and Protective Factors

*Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.*

**Risk Factors Examples:** trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

**Protective Factors Examples:** strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.<sup>1</sup>

Risk Factors	Resources/Assets	Limitations/Gaps
1. Alcohol and other drugs are easily available to youth.	<ol style="list-style-type: none"> <li>1. Education/Treatment programs are available for youth and adults.</li> <li>2. Fairs, community events held with involvement with adults and youth.</li> <li>3. Inmates at the new jail have a program which is a special intensive program. This is a two month program and should include 1 month after release.</li> <li>4. The Probation Dept. has two treatment programs available for youth: 1)Vaping and 2) Substance Abuse Treatment.</li> </ol>	<ol style="list-style-type: none"> <li>1. Lack of funds to increase monitoring drug dealing.</li> <li>2. There is a new program at the jail: JRAP- the number of participants is limited .</li> <li>3. The participants in the youth programs are referred from schools or youth who are clients of the Probation Dept.</li> <li>4. Timing, cost and staff have limited the number of youth participating.</li> </ol>
2. Generational drug abuse	<ol style="list-style-type: none"> <li>1. Classes with inmates include the effect of their habits on the family.</li> <li>2. Programs in the schools educate youth about the hazards of drug use and include a group of students (VOICE) who</li> </ol>	<ol style="list-style-type: none"> <li>1. Lack of willingness to changing attitudes and habits</li> <li>2. Lack of treatment options – schools have changing schedules which make it difficult to involve some of the</li> </ol>

<sup>1</sup>Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

	<p>help with the information.</p> <p>3. Working with youth and adults reveals the belief that use of drugs is a “norm”.</p>	<p>desired drug awareness programs.</p> <p>3. Lack of employment</p>
3 Community Based. Intervention for Youth and Adults	<p>1. Training on stigma for individuals dealing with families. In addition to individuals</p> <p>2. Programs such as VOICE and Too Good for Drugs</p> <p>3. Events like Red Ribbon Week provide a variety of techniques for all students (Pre-school to Seniors)</p>	<p>1. Lack of understanding the effect of Stigma on success in goals</p> <p>2. Stigma of being a child of an addict</p> <p>3. Lack of desire for participant to enroll in programs that have a chance of improving their problems.</p>
Protective Factors	Resources/Assets	Limitations/Gaps
1. Community Based Intervention for Youth	<p>1. Various community groups/agencies sponsor youth activities.</p> <p>2. Programs like Youth Substance Abuse Sessions</p> <p>3. Events like RRW which reach around 7000 students in a full week+ of activities</p> <p>4. VOICE students assisting providing programs for students at different levels during the year.</p>	<p>1. Lack of Parents to encourage youth to be involved,</p> <p>2. Lack of funds and staff to focus on extended program.</p> <p>3. Lack of positive role models.</p>
2. All school systems have mental health counselors/individuals embedded in their programs.	<p>1. Provides a timely intervention for students</p> <p>2. The age range of programs reach from preschools to seniors</p>	<p>1. Problems resulting from irregularity of school days due to different schedules for the schools.</p> <p>2. Several active teachers have retired as an after effect of Covid. We are still seeing this problem.</p> <p>3. Lack of funds to hire individuals to assist students.</p>
3. Positive connection to community	<p>1. School Resource Officer in all schools</p> <p>2. Some retired law enforcement officers are helping with special events.</p>	<p>1. Lack of Funds</p> <p>2. Difficulty in finding time for officers to be involved in activities outside their major responsibilities.</p>

	3. A new idea was tried at the County Basketball Tourney which involved the narrator reading short messages about drugs and sports during the time between games. An activity between games of the floor with youth related to drugs and sports. One of our superintendents has worked to include this in school sport events.	3. A lot of our long term officers have retired or changed their place of employment. 4. Keeping up-to-date on effective material and expanding similar activities.
--	--	--

### III. Making A Community Action Plan

*Now that you have*

*completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems.*

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list, and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

#### Step 1: Create + Categorize Problem Statements

*Create problem statements as they relate to each of the identified risk factors.*

Risk Factors	Problem Statement(s)
1. Alcohol, Tobacco, and other illegal substances are readily available within the community.	1. ATOD usage by youth and adults in the county is an identified problem. 2. Irregularity of school attendance has increased the problem of drugs being available. 3. Increase of substance-use related deaths within the community.
2. Generationl drug use.	1. Youth arrested for substance-use related offenses often have one or more parent with criminal history for substance-use related offenses.

	<ol style="list-style-type: none"> <li>Intakes often reveal that drugs are first available in the home.</li> <li>Community norms are favorable towards substance use.</li> </ol>
3. Limited community based resources.	<ol style="list-style-type: none"> <li>Lack of preventative programming.</li> <li>Lack of treatment providers within county to support behavioral health needs.</li> <li>Few recovery support programs for community members active in their recovery.</li> </ol>

## Step 2: Evidence-Informed Problem Statements

Identify your top three problem statements using local or state data. Ensure that there is a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).

Problem Statements	Data That Establishes Problem	Data Source
1. Community norms are favorable towards substance use.	<p>In 2024, drug-related offenses accounted for 33% of all arrests in Henry County.</p> <p>In 2023, 57% of child removals resulted from parental alcohol/drug use.</p>	<p><a href="https://www.in.gov/mph/projects/arrests-dashboard/">https://www.in.gov/mph/projects/arrests-dashboard/</a></p> <p><a href="https://prevention.iu.edu/services/county-profiles-data/epi_table.php?table_id=t404&amp;county=33">https://prevention.iu.edu/services/county-profiles-data/epi_table.php?table_id=t404&amp;county=33</a></p>
2. Lack of treatment providers within the county to support behavioral health needs.	According to a survey of 291 individuals in Henry County between 2019-2021, 32% of respondents reported their mental health status as less than good (fair/poor).	Henry County Community Health Needs Assessment (2019-2021)
3. ATOD usage by youth and adult in the county is an identified problem.	<p>In 2024, drug-related offenses accounted for 33% of all arrests in Henry County.</p> <p>According to a study encompassing 2019 – 2021, it is estimated that in Henry County, 21% of adults smoke and 17% of adults drink excessively.</p>	<p><a href="https://www.in.gov/mph/projects/arrests-dashboard/">https://www.in.gov/mph/projects/arrests-dashboard/</a></p> <p>Henry County Community Health Needs Assessment (2019-2021)</p>

## Step 3: Brainstorm

Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.

Problem Statements	What can be done (action)?
1. Community norms are favorable towards substance use.	- Educate community about dangers of substance use

	<ul style="list-style-type: none"> <li>- School based education</li> <li>- Publication in magazine / newsletter</li> <li>- Parent education</li> <li>- Current substance use information provided to community</li> </ul>
2. Lack of treatment providers within the county to support behavioral health needs.	<ul style="list-style-type: none"> <li>- Increase awareness of substance misuse, overdose rates, and the need for treatment and recovery in the community to key stakeholders through trainings, community events, health fairs, and drug take backs</li> <li>- Advertise/utilize current resources in an effort to garner awareness and potential expand upon</li> <li>- Collaborate with local universities in an effort to expand mental health resources</li> <li>- Continue to research and apply for grant opportunities to support behavioral health needs</li> </ul>
3. ATOD usage by youth and adult in the county is an identified problem.	<ul style="list-style-type: none"> <li>- Increase LEA patrolling of local establishments selling illegal items against regulation</li> <li>- Continued partnership with schools and justice system to create effective/innovative responses to ATOD usage.</li> <li>- Continue to seek opportunity to provide NARCAN education/resources</li> <li>- Encourage alcohol/drug awareness activities at community events</li> <li>- Work in partnership with local organizations and businesses to promote positive behaviors and activities</li> </ul>

#### Step 4: Develop SMART Goal Statements

*For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.*

Problem Statement #1: Community norms are favorable towards substance use.	
Goal 1	Education for the community about dangerous affects of substance use.
Goal 2	Increase school based education regarding substance use.
Problem Statement #2: Lack of treatment providers within the county to support behavioral health needs.	
Goal 1	

Increase awareness of substance misuse, overdose rates, and the need for treatment and recovery in the community to key stakeholders through trainings, community events, health fairs, and drug take backs
<p>Goal 2</p> <p>Advertise/utilize current resources in an effort expand and to garner awareness.</p>
<b>Problem Statement #3: ATOD usage by youth and adult in the county is an identified problem.</b>
<p>Goal 1</p> <p>Continued partnership with schools and justice system to create effective/innovative responses to ATOD usage.</p>
<p>Goal 2</p> <p>Encourage alcohol/drug awareness activities at community events.</p>

### Step 5: Plans to Achieve Goals

*For each goal, list the steps required to achieve each*

<b>Problem Statement #1: Community norms are favorable towards substance use.</b>	<b>Steps</b>
<p>Goal 1</p> <p>Provide educational resources to the Henry County Community by participating in at least six scheduled events per Grant year. These events will provide evidence-informed information to support healthier lifestyle choices for Youth and Families, incurring data by tracking the number of pamphlets that are distributed.</p>	<ol style="list-style-type: none"> <li>1. Obtain updated information in the form of handouts for events.</li> <li>2. Attend Mooreland Fair, Middletown Fair, Sulphur Springs Freedom Days, Health Fair (x2), Rockin to Recovery, and any other community events.</li> <li>3. Set up booths at said events and handout pamphlets.</li> </ol>
<p>Goal 2</p> <p>At least 500 of Henry County Youth Grade K-12 will participate in substance abuse education by the end of 2025-2026 school year.</p>	<ol style="list-style-type: none"> <li>1. Provide funding to Too Good for Drugs program in collaboration with the LCC and the Henry County Health Department which provides programming to schools.</li> </ol>

	<ol style="list-style-type: none"> <li>2. Provide funding to VOICE chapter in each school, which promote healthy lifestyle/substance free choices.</li> <li>3. Provide funding for Red Ribbon week in an effort to partner on substance abuse awareness.</li> </ol>
<b>Problem Statement #2: Lack of treatment providers within the county to support behavioral health needs.</b>	<b>Steps</b>
<p><b>Goal 1</b> Increase awareness of substance misuse, overdose rates, and the need for treatment and recovery in the community to key stakeholders through trainings, community events, health fairs, and drug take backs during the fiscal year.</p>	<ol style="list-style-type: none"> <li>1. Provide funding to law enforcement to increase stops and drug-related investigation to identify the substance misuse issues within the County.</li> <li>2. Provide funding for advertisement in local business windows, newsletters, and magazines.</li> <li>3. Providing funding for health fair booths to provide substance misuse information where key stakeholders will be present.</li> </ol>
<p><b>Goal 2</b> Increase behavioral health resources/services by 1% in Henry County in 2025-2026 by connecting community members to local providers.</p>	<ol style="list-style-type: none"> <li>1. Provide QR code in newsletters, magazines, waiting rooms of justice services departments, etc., that provides direct information for contacting local providers/support.</li> <li>2. Provide QR code and additional pamphlets at community and health fairs.</li> </ol>
<b>Problem Statement #3: ATOD usage by youth and adult in the county is an identified problem.</b>	<b>Steps</b>
<p><b>Goal 1</b> Reduce the number of juvenile delinquency actions and incidents of illegal drugs and vaping use in schools by 1% in 2025-2026.</p>	<ol style="list-style-type: none"> <li>1. Provide funding to VAPE education/treatment program as a response to incidents.</li> <li>2. Provide funding to YSAP programming as a response to reported substance use.</li> <li>3. Provide funding to ADEC for response to substance misuse related offenses.</li> <li>4. Provide funding to court services for responses to substance misuse related offenses.</li> </ol>
<p><b>Goal 2</b> Decrease substance misuse arrests and recidivism by 1% in 2025-2026 by supporting recovery programming in Henry County.</p>	<ol style="list-style-type: none"> <li>1. Provide funding to advertising recovery programs that exist within the community.</li> <li>2. Provide funding for law enforcement to have improved drug-kits and PBT kits.</li> </ol>

#### IV. Fund Document

*The fund document allows the LCC to provide finances available to the coalition at the beginning of the year. The fund document gauges an LCC's fiscal wellness to empower their implementation of growth within their community. The fund document also ensures LCCs meet the statutory requirement of funding programs within the three categories of (1) Prevention/Education, (2) Treatment/Intervention, and (3) Criminal Justice Services and Activities (IC 5-2-11-5).*

Funding Profile		
<b>1</b>	Amount deposited into the County DFC Fund from fees collected last year:	\$65,962.32
<b>2</b>	Amount of unused funds from last year that will roll over into this year:	<b>\$9,909.52</b>
<b>3</b>	Total funds available for programs and administrative costs for this year (Line 1 + Line 2)\$:	\$75,871.84
	Amount of funds granted last year:	\$69,539.03
Additional Funding Sources (if no money is received, please enter \$0.00)		
<b>A</b>	Substance Abuse and Mental Health Services Administration (SAMHSA):	\$0.00
<b>B</b>	Centers for Disease Control and Prevention (CDC):	\$0.00
