

# **The Indiana Commission to Combat Drug Abuse**

*Behavioral Health Division*

## **Comprehensive Community Plan**

County: Morgan

LCC Name: Morgan County Substance Abuse Council

LCC Contact: Barbara Dinwiddie

Address: 180 South Main Street

City: Martinsville

Phone: 765-342-1013

Email: [barbara@morganprevention.org](mailto:barbara@morganprevention.org)

County Commissioners: Kenny Hale, Bryan Collier, Don Adams

Address: 180 South Main Street

City: Martinsville

Zip Code: 46151

## Vision Statement

What is your Local Coordinating Council's vision statement?

Our vision is a community where everyone has the knowledge to make informed decisions.

## Mission Statement

What is your Local Coordinating Council's mission statement?

Our mission is to provide evidence-based prevention, education, and advocacy in Morgan County in the areas of substance misuse, human trafficking, suicide prevention, and mental wellness.

Membership List					
#	Name	Organization	Race	Gender	Category
	Amber Riddle	Stability First	W	F	Civic - Parent
	Amenda Lang	Head Start	W	F	Education-Community
	Amy L. Belcher	Centerstone	W	F	Mental health

### LCC Meeting Schedule:

Please provide the months the LCC meets throughout the year:

Our LCC meets every month on the 4th Tuesday of the month from 8:00 – 9:30am. Our meetings are a hybrid of in-person and zoom so all members can attend.

## II. Community Needs Assessment

*The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.*

### Community Profile

#### County Name

Morgan

#### County Population

73,277 (2023)

#### Schools in the community

Mooresville Consolidated School District

Eminence Community School Corporation

Morgan-Gregg School District

Metropolitan School District of Martinsville

Nineveh-Hensley-Jackson United School Corporation (partially Morgan Co, mostly Johnson Co)

Mooresville Christian Academy

Tabernacle Christian School

Hammons School

Martinsville Central Education Center

<b>Medical care providers in the community (hospitals, health care centers, medical centers/clinics, etc.)</b>
CVS Minute Clinic
Walgreens Community Health Network Clinic
Franciscan Health primary and specialty care clinics
IU Health primary and specialty care clinics
<b>Mental health care providers in the community (hospitals with psychiatric/behavioral health units, mental health clinics, private/public providers, etc.)</b>
Centerstone
LPS Behavioral Health
IU Health Morgan
Franciscan Health Behavioral Health
Adult and Child- online
Advantage Counseling Services
Bowen Center 988 Crisis Team
Recovery Works
Choices Coordinated Care
<b>Service agencies/organizations</b>

<p><b>Local media outlets that reach the community</b></p> <p>WCBK (102.3 FM)</p> <p>WMYJ (94.1 FM)</p> <p>Mooresville Decatur Times- only part time and not printed in the county</p> <p>Porch Time</p> <p>The Reporter Times- not printed in the county</p> <p>The Morgan County Correspondent- weekly newspaper</p>
<p><b>What are the substances that are most problematic in your community?</b></p> <p>Fentanyl</p> <p>Methamphetamine</p> <p>Heroin</p> <p>Marijuana</p> <p>Alcohol</p> <p>Vaping- youth</p> <p>Delta products</p>
<p><b>List all substance use/misuse services/activities/programs presently taking place in the community</b></p> <p>The Morgan County Substance Abuse Council provides youth programs to after-school programs at the YMCA, Boys &amp; Girls Club, The Haven Youth Center, Martinsville Youth Development Center, and local schools in Mooresville, Monrovia, and Martinsville, as well as WellSpring. In 2024, they offered free programming to over 2,500 youth and adults.</p> <p>Prevent Child Abuse Morgan County is a partnership between the Morgan County Substance Abuse Council, Firefly, DCS, Martinsville Youth Development Center, and Head Start. They offer programs such as car seat inspections, free family movie nights, educational lunch-and-learns, and prevention presentations across the county.</p> <p>The Indiana Youth Institute, in partnership with the Morgan County Substance Abuse Council, Firefly, Home Bank, and Head Start, provides quarterly trainings for youth workers on substance abuse, mental health, and other related topics.</p>

Stability First operates Magdalene House, a women's shelter that provides substance abuse treatment for its residents. In February 2025, they expanded their services by opening Foundations, a shelter for men.

WellSpring provides emergency shelter to families and individuals experiencing homelessness. It also operates the only unsheltered outreach program in Morgan County. More than 500 unique individuals are served annually. They aide in the treatment and recovery from substance abuse disorder by building community, proving individual support via success coaching/case management, and offering an array of life skills trainings.

The Martinsville Youth Development Center has a variety of prevention lessons they offer during the school year. They offer approximately 9 lessons over the course of the year. The program educates youth members that are in 5th-8th grade. The program material focuses heavily on vaping, drugs, alcohol, and peer pressure.

The Morgan County Sheriff's office, in conjunction with local and federal partners, has combined efforts to establish the Morgan County Drug Task Force. This Task Force consists of specially trained law enforcement officers who operate within a structured enforcement program with a common goal. Their mission extends beyond making Morgan County an undesirable location for drug dealers. They strive to build personal connections with individuals struggling with addiction and recommend services and alternatives that can help them achieve successful recovery.

The Haven Youth Center provides the Character Counts program to their students in after school care for grades 5-8. Activities teach youth how their character can help them prevent making poor choices regarding alcohol, drugs, and nicotine.

Reformers Unanimous (RU) is a faith-based addictions recovery program conducted in the Morgan County Jail.

Indiana Dream Team Ministry is an 18–36-month residential ministry focused on healing men that struggle with addiction and prison environments. Indiana Dream Team is an alternative sentencing opportunity for men.

Recovery Works (Pinnacle) Martinsville provides comprehensive inpatient and outpatient services for adults. They provide educational, behavioral, and counseling programs as needed to promote the health and well-being of adults.

Churches in Mission provides essential daily living necessities to Morgan County residents facing poverty, many of whom are also impacted by substance misuse. Their Hope House program offers education and resource programs to support clients and their families on their path to stability.

## Community Risk and Protective Factors

*Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.*

**Risk Factors Examples:** trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

**Protective Factors Examples:** strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.<sup>1</sup>

Risk Factors	Resources/Assets	Limitations/Gaps
1. Family and peer substance use	<ol style="list-style-type: none"><li>1. Morgan County Substance Abuse Council (MCSAC) – Provides trainings, conferences, and educational resources for youth and adults on substance misuse prevention and recovery.</li><li>2. Substance Education Programs – Educational sessions on alcohol, marijuana, and vaping are offered at:<ul style="list-style-type: none"><li>• Local schools</li><li>• WellSpring (homeless and community center)</li><li>• Martinsville Youth Development Center (MYDC)</li><li>• Boys &amp; Girls Club (after-school programs)</li><li>• Stability First (residential treatment locations)</li></ul></li></ol>	<ol style="list-style-type: none"><li>1. Some individuals are not open to learning about substance abuse.</li><li>2. Many people are unaware of the dangers of these substances and believe they already have enough knowledge.</li><li>3. There is a lack of prevention and awareness programs specifically addressing substance misuse among adults.</li><li>4. Limited outreach to individuals who experiment with substances but have not yet developed an addiction.</li></ol>

---

<sup>1</sup>Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

	<p>3. Peer Navigator Program – MCSAC hired a Peer Navigator in May 2024, who has launched two new recovery meetings and plans to establish a third in Spring 2025.</p>	<p>5. Insufficient sharing and distribution of vital information.</p> <p>6. Lack of public transportation</p>
<p>2. Limited prevention and recovery services</p>	<p>1. Some schools offer free counseling</p> <p>2. Pinnacle- Recovery Works</p> <p>3. The nearby cities of Indianapolis and Bloomington are in neighboring counties and offer these services</p> <p>4. Stability First opened a new residential facility for men in February 2025.</p> <p>5. MCSAC Peer Navigator has started new recovery meetings</p>	<p>1. Morgan County lack's sufficient locations to meet the mental health needs of all residents</p> <p>2. There are not enough facilities in Morgan County to provide substance abuse treatment for everyone in need.</p> <p>3. While mental health counseling services are available, there is a significant shortage of providers relative to the population.</p> <p>4. There are no Narcotics Anonymous (NA) meetings specifically for juveniles or youth.</p> <p>5. There is a need for more trauma-informed care, training, and referral services.</p>
<p>3. Availability of alcohol and other drugs</p>	<p>1. Educational programs on alcohol, marijuana, and vaping will be offered in schools and after-school programs.</p> <p>2. Local youth will actively participate in creating</p>	<p>1. Many parents and youth are unaware of the dangers of vaping and believe it is a safer alternative to smoking cigarettes.</p>

	<p>awareness campaigns to share with the community.</p> <p>3. The Morgan County Substance Abuse Council, WellSpring, LifePointe Church, and Churches in Mission will provide trainings, conferences, and resources to educate youth, adults, and those working directly with individuals struggling with addiction.</p>	<p>2. Some adults allow minors to drink alcohol, if they are at home.</p> <p>3. Some parents use marijuana and see no issue with allowing their teens to use it as well.</p> <p>4. Alcohol is easily accessible to individuals in the community.</p> <p>5. There are not enough engaging activities for youth to participate in within the community.</p>
Protective Factors	Resources/Assets	Limitations/Gaps
1. Meaningful youth engagement opportunities	<p>1. Morgan County offers a variety of resources for youth and families, including the Morgan County Substance Abuse Council, YMCA, Boys and Girls Club, Haven Youth Center, and the Martinsville Youth Development Center. Additionally, after-school athletics and clubs, local churches, and music and art programs provide further opportunities for engagement. Youth can also participate in organizations such as the Boy Scouts, Girl Scouts, and 4-H, all contributing to the community's efforts to support and empower young people.</p>	<p>1. Some families cannot afford after school or extracurricular programs even when offered at a sliding scale fee</p> <p>2. No one-on-one mentoring such as Big Brothers Big Sisters exists in Morgan County.</p>

2. Community based intervention	1. Morgan County Substance Abuse Council, Stability First, WellSpring, Desert Rose, Churches in Mission, Pinnacle Recovery Works, Indiana Dream Team, Youth First	1. Everyone is not willing to reach out for the help they need  2. Lack of transportation for adults to resources and lack of childcare while utilizing  3. Lack of case management agents for direct service
3. Safe, supportive, and connected neighborhoods	1. School based peer groups for students  2. Youth and adult connections through sports teams, philanthropic clubs, religious organizations, and the arts  3. Economic, financial security	1. Need additional ways for peers with developmental and physical disabilities to connect  2. Lack of public transportation to connect people with peer groups and activities  3. Pockets of poverty in the county

### III. Making A Community Action Plan

*Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems.*

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list, and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

#### Step 1: Create + Categorize Problem Statements

*Create problem statements as they relate to each of the identified risk factors.*

Risk Factors	Problem Statement(s)
1. Family and peer substance abuse	1. Some youth face challenging home environments, dealing with issues such as abuse from family members or friends of the family, often linked to substance abuse within the household.
2. Limited prevention and recovery services	1. Morgan County has a limited range of services for individuals seeking help with substance abuse and virtually no support available for mental health issues.
3. Availability of alcohol and other drugs	1. Some parents use marijuana and feel it is harmless to let their teens use it as well. Similarly, some adults permit their children or other minors to drink alcohol as long as they are at home.

## Step 2: Evidence-Informed Problem Statements

*Identify your top three problem statements using local or state data. Ensure that there is a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).*

Problem Statements	Data That Establishes Problem	Data Source
Prevention/Education		
1. Morgan County has a culture that allows for excessive alcohol, vaping (nicotine), and marijuana use, and that impacts individuals and families, particularly but not limited to those 24 years old and younger.	Relative to other age groups, higher incidence of alcohol use among young adults (18- to 25-year-old) with 50% reporting past-month use [1.5 PP down / from previous year] (NSDUH, 2022).	National Survey on Drug Use and Health (NSDUH)
2. Underage drinking and adult alcohol abuse are a problem.	One in 16 high school seniors use marijuana daily. Many high school students experiment with—or regularly use—a variety of other drugs, including heroin, cocaine, ecstasy, methamphetamine, hallucinogens, and prescription drugs. (NIDA)	National Institute on Drug Abuse
	IN 2022, 33 alcohol related collisions occurred	SEOW report 2023

	<p>105 Child Removals due to Parental Alcohol Abuse</p> <p>In 2022, 24% of Morgan County claimed some form of alcohol dependance concerns</p> <p>126 Unique Students Involved School Suspensions or Expulsions Related to Alcohol, Tobacco, and/or Drug Use (2020)</p>	
<p>Intervention/Treatment</p> <p>1. Youth and Adults are unaware of local services to assist them and many residents in Morgan County are unable to access the treatment they need due to low provider to client ratios, lack of transportation, and lack of health insurance coverage.</p> <p>2. Access to effective intervention and prevention continues to be a problem.</p>	<p>30 Morgan County adult residents died by overdose or suicide in 2024</p> <p>Epidemiological data now show alarming rates of behavioral health needs among school-age youth, with significant increases in the number experiencing moderate to severe anxiety and depression. Even more concerning, suicide remains the second leading cause of death among young people between the ages of 10 and 24.</p> <p>Mental health emergencies among young people have increased across the board. In 2020, there was a 24 percent increase in emergency room visits for mental health reasons for children ages 5 through 11, and a more than a 30 percent increase in</p>	<p>Morgan County Suicide and Overdose review board-through IDoH</p> <p>White House, 2023</p> <p>National Institute of Mental Health</p>

	<p>visits for those between 12 and 17 years old. Unfortunately, a significant proportion of our nation's youth still lack access to affordable health care coverage. (NIMH)</p> <p>23.5 million Americans are addicted to alcohol and drugs, which is equal to one in every 10 Americans over the age of 12, but only 11 percent of those with an addiction receive treatment. (SAMHSA)</p>	SAMSHA
<p>Criminal Justice Services</p> <p>1 Individuals must be made aware of the harmful consequences of drug use, not only its physical effects but also the long-term criminal ramifications that can impact areas such as employment, volunteering, and voting. It is also crucial to inform them about available recovery options and the potential for healing and transformation.</p> <p>2 Prescription/Over-the-Counter drug abuse, and the use of methamphetamine and other opioids especially Fentanyl are a problem.</p>	<p>In the 2024 cases reviewed by the Suicide Overdose Review for Morgan County, 90% of overdose cases involved individuals with a history of convictions related to theft and possession.</p> <p>44 percent of minors arrested for burglary claimed to commit their crime in order to buy drugs. A third of teens arrested for assault claimed to have been drunk or high when the assault occurred. Chronic violent young offenders are three times as likely to drink alcohol and twice as likely to smoke marijuana.</p> <p>Adolescent substance use may result in many health-related problems, such as depression and abnormal brain functioning. (NIH)</p>	<p>Morgan County Suicide and Overdose review board-through IDoH</p> <p>Child Crime Prevention and Safety Center, 2024</p> <p>National Institute of Health</p>

	Substance use is also one of the risk factors that contribute to adolescent suicidal behavior. (NIH)	
--	--	--

### Step 3: Brainstorm

*Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.*

Problem Statements	What can be done (action)?
<p>Prevention/Education</p> <ol style="list-style-type: none"> <li>1. Morgan County has a culture that allows for excessive alcohol, vaping (nicotine), and marijuana use, and that impacts individuals and families, particularly but not limited to those 24 years old and younger.</li> <li>2 Underage drinking and adult alcohol abuse are a problem.</li> </ol>	<ol style="list-style-type: none"> <li>1. Educate youth on the health effects of substances to reduce usage by offering programs at the Martinsville Youth Center, The Haven Youth Center, The Boys and Girls Club, WellSpring, Stability First, YMCA, and Churches in Mission, as well as through direct programming in schools.</li> <li>2. Educate youth on the laws regarding underage drinking, smoking, vaping, and illegal drug use by offering programs at the Martinsville Youth Center, The Haven Youth Center, The Boys and Girls Club, WellSpring, Stability First, YMCA, and Churches in Mission, as well as through direct programming in schools led by the Morgan County Substance Abuse Council.</li> <li>3. Health and community fairs are held throughout the county, organized by Franciscan Health, LifePointe Church, and Churches in Mission, with MCSAC hosting booths to provide referral information to the community. MCSAC regularly updates its website and social media platforms, sharing valuable information with all organizations and individuals across the county.</li> <li>4. Support of campaigns that change social norms of acceptance including but not limited to: Normative education, host liability, underage purchases and</li> </ol>

	<p>consumption of alcohol, vaping (nicotine), and marijuana.</p> <p>5 Support evidence based ATOD prevention programs that target youth and young adults.</p> <p>6 Support prevention and education initiatives that minimize the risks associated with consumption of alcohol, vaping (nicotine), and marijuana.</p> <p>7 Support prevention and education initiatives that increase protective factors associated with reducing or eliminating alcohol, vaping (nicotine), and marijuana use and abuse.</p>
<p>Intervention/Treatment</p> <p>2. Youth and Adults are unaware of local services to assist them and many residents in Morgan County are unable to access the treatment they need due to low provider to client ratios, lack of transportation, and lack of health insurance coverage.</p> <p>2. Access to effective intervention and prevention continues to be a problem.</p>	<p>1. Drug Free Funds will help raise community awareness of available resources, ensuring that youth and adults know how to access support. This will be achieved through direct programming at schools, programs conducted at the Martinsville Youth Center, The Haven Youth Center, The Boys and Girls Club, WellSpring, Stability First, YMCA, LifePointe Church, MCSAC Peer Navigator, and Churches in Mission.</p> <p>2. Health and community fairs are held throughout the county, organized by Franciscan Health, LifePointe Church, and Churches in Mission, with MCSAC hosting booths to provide referral information to the community. MCSAC regularly updates its website and social media platforms, sharing valuable information with all organizations and individuals across the county.</p>
<p>Criminal Justice Services</p> <p>1. Individuals must be made aware of the harmful consequences of drug use, not only</p>	<p>1. Educate youth on the laws regarding underage drinking, smoking, vaping, and illegal drug use by offering programs at the Martinsville Youth Center, The Haven</p>

<p>its physical effects but also the long-term criminal ramifications that can impact areas such as employment, volunteering, and voting. It is also crucial to inform them about available recovery options and the potential for healing and transformation.</p> <p>2. Prescription/Over-the Counter drug abuse, and the use of methamphetamine and other opioids especially Fentanyl are a problem.</p>	<p>Youth Center, The Boys and Girls Club, WellSpring, Stability First, YMCA, and Churches in Mission, as well as through direct programming in schools led by the Morgan County Substance Abuse Council.</p> <p>2. MCSAC and Morgan County Juvenile Probation work together to conduct educational programs to help teach youth consequences of substance use.</p>
--	--

#### Step 4: Develop SMART Goal Statements

*For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.*

Problem Statement #1
<p>Goal 1</p> <p>Reduce substance use by middle school youth by 1% point as measured by the Indiana Youth Survey by 2025.</p> <p>After school programs will work with youth to teach them the effects of substance use, with the intent to reduce misuse in youth. Middle School programs will be conducted at the Martinsville Youth Center, WellSpring, The Haven Youth Center, YMCA, the Boys and Girls Club. This will be achieved by end of fiscal year.</p>
<p>Goal 2</p> <p>Reduce substance use by high school youth by 1% point as measured by the Indiana Youth Survey by 2025.</p> <p>Substance misuse programs will be conducted at WellSpring and Stability First, as well as through schools with Youth First social workers to increase knowledge and reduce misuse in the community. MCSAC will also conduct programming during the health classes of Mooresville, Monrovia, and Martinsville Schools. Monthly programming will occur with Mooresville Pioneer Academy for Student Success (alternative to suspension program). This will be achieved by end of fiscal year.</p>
Problem Statement #2

<p>Goal 1</p> <p>MCSAC will provide free information and be present at school fairs, health fairs, and community events. We will distribute brochures to local food pantries and churches, highlighting available services, resources, and recovery options. Additionally, MCSAC will set up informational booths at all public library locations. These efforts will increase community awareness of the services available and will be completed by the end of the fiscal year.</p>
<p>Goal 2</p> <p>MCSAC will ensure that referral resources are available at the Martinsville Youth Center, The Haven Youth Center, The Boys and Girls Club, YMCA, WellSpring, Stability First, as well as local schools and libraries. This initiative will be completed by the end of the fiscal year.</p>
<b>Problem Statement #3</b>
<p>Goal 1</p> <p>MCSAC will provide programs to educate youth and make them more aware of the dangers of underage drinking, smoking, vaping and illegal drug use. Schools and after school programs will be educated on the laws governing substance misuse. MCSAC will assist in finding guest speakers to help educate on specific requested topics by the schools and organizations. We will create and distribute educational videos to be shared with the community. This will be achieved by end of the year 2025.</p>
<p>Goal 2</p> <p>MCSAC will support programs to assist law enforcement programs, such as the Morgan County Drug Task Force, to increase the amount of controlled and illegal substances seized by law enforcement agencies or anonymously disposed of by community members by 2% by the end of the year 2025.</p>

## Step 5: Plans to Achieve Goals

*For each goal, list the steps required to achieve each*

<b>Problem Statement #1</b>	<b>Steps</b>
<p>Goal 1</p> <p>After school programs will work with youth to teach them the effects of substance abuse use, which will reduce use. Programs will be conducted at the Martinsville Youth Center, The Haven Youth Center, YMCA, WellSpring and the Boys and Girls Club.</p>	<p>1 MCSAC will reach out to organizations to determine needs and will provide programs to over 1500 youth.</p> <p>2. MCSAC will provide organizations with curriculum and guest speakers. Franciscan Health, Peer Navigator, and Prevention Insight will assist in providing programming.</p>
<p>Goal 2</p> <p>Referral resources will be distributed to the Martinsville Youth Center, The Haven Youth</p>	<p>1. MCSAC will reach out to organizations to determine needs and types and quantity of information they need</p>

Center, the Boys & Girls Club, YMCA, WellSpring, Stability First, and local schools.	2. Materials will be ordered and dates scheduled with a goal of 1500 youth being served.
<b>Problem Statement #2</b>	<b>Steps</b>
<p>Goal 1</p> <p>MCSAC will provide free information and be present at school fairs, health fairs, and community events. We will distribute brochures to local food pantries and churches, highlighting available services, resources, and recovery options. Additionally, MCSAC will set up informational booths at all public library locations. These efforts will increase community awareness of the services available and will be completed by the end of the fiscal year.</p>	<p>1. Compile a list of school events, health fairs, and community events.</p> <p>2. Develop brochures and educational materials for distribution.</p> <p>3. Attend events and distribute the information.</p> <p>4. Ensure all events are effectively advertised in the community to encourage strong attendance.</p>
<p>Goal 2</p> <p>Referral resources will be distributed to the Martinsville Youth Center, The Haven Youth Center, the Boys &amp; Girls Club, YMCA, WellSpring, Stability First, and local schools.</p>	<p>1. MCSAC will reach out to organizations to determine needs and types and quantity of information they need</p> <p>2. Create brochures and educational information to distribute</p>
<b>Problem Statement #3</b>	<b>Steps</b>
<p>Goal 1</p> <p>MCSAC will provide programs to educate youth and make them more aware of the dangers of underage drinking, smoking, vaping and illegal drug use. Schools and after school programs will educate youth on the laws governing substance abuse use. We will provide guest speakers to help the schools and organizations. We will create and distribute educational videos to be shared with the community.</p>	<p>1. MCSAC will reach out to organizations to determine needs and schedule</p> <p>2. Curriculum will be ordered and dates scheduled</p> <p>3. MCSAC will provide them with curriculum and guest speakers</p>
<p>Goal 2</p> <p>The Morgan County Drug Task Force, a combined effort of the Morgan County Sheriff, Martinsville Police Department and the Mooresville Police Departments will increase the amount of</p>	<p>1 The Morgan County Drug Task Force will combine the efforts of the three police departments to decrease drug use.</p> <p>2.
