

Request for Funding – January 2026 Juvenile Diversion Grant Program

Project Description:

The Indiana Criminal Justice Institute (ICJI) is now accepting applications for the 2026-2028 Juvenile Diversion Grant Program. Established under Indiana Code § 31-40-5-6, the Diversion Grant Program serves the following purposes:

1. Prevent further involvement of the child in the formal legal system.
2. Provide eligible children with alternatives to adjudication that require the least amount of supervision and conditions necessary, consistent with the protection of the community and the child's risk of reoffending, as determined by a risk screening tool.
3. Emphasize the use of restorative justice practices, defined in IC § 31-37-8.5-1(b) as services focused on repairing the harm caused to victims and the community as a result of a child's behavior.
4. Reduce recidivism and improve positive outcomes for a child through the provision of research-based services, if warranted, that address the child's needs.

The period of performance for this two (2) year project is July 1, 2026, through June 30, 2028. Please note that awards could be a combination of upfront and reimbursement, should funds be requested for program implementation in the application. Proposal submissions must be completed using the ICJI Juvenile Justice System Grants PDF application template provided by ICJI and submitted through IntelliGrants **no later than 11:59 p.m. EST on February 16, 2026.** Proposals received after 11:59 p.m. EST will not be considered. Instructions for accessing IntelliGrants and submitting the PDF application can be found on page 8 of the PDF application.

The Youth Justice Oversight Committee's Diversion Work Group has created a [Diversion Resource Toolkit](#) and [Diversion Program Directory](#), available at the links provided.

Applicants should review [Executive Orders](#) issued since January 13, 2025, to ensure proposed programs align with the current Administration's priorities.

Planning:

This grant opportunity **does not** include a separate planning grant. Agencies requiring planning should explain in the application what planning is necessary and include a timeline.

Eligibility:

Public entities, units of state and local government, nonprofit organizations, and nongovernmental organizations who provide services to youth involved in or at risk of being involved in the juvenile justice system may apply for funding.

Financial:

This program is funded by the Indiana General Assembly through the state's biennial budget with no guarantee of continued funding. All awards are subject to change. The funding formula is based on county population. Entities are eligible to apply for funds if the county in which services will be provided has funds remaining. To find out how much funding remains in each county, please visit the [funding availability map](#) located on the Youth Services Division's page of the ICJI website. Grant awards are determined by the funding formula based on county population as follows:

County Population Category	Total Funding
< 25,000	\$150,000
25,000-50,000	\$85,000
> 50,000	\$80,000

County population is determined by the 2020 United State Census. To find your county population, please visit the [2020 Census Demographic Data Map Viewer](#). If applicants are applying for funding for multiple counties, ensure all counties are listed in the application. The applicant must state what percentage of services will be provided to each county they plan to serve.

Please note that the total funding available for counties with less than 25,000 people has increased since the previous grant cycle. If all or part of the funds assigned to these counties based on the original funding formula have been utilized, please check the funding map again as the new funding formula amounts have been updated. The funding formula for medium and large size counties remains the same as before. If funds for a medium or large size county were used in prior grant cycles, there is no additional funding available for those counties at this time.
