**Contact the Crisis Call Center 24/7  
to utilize the Crisis Receiving  
Stabilization Services Program**

**1060 Sharon Drive, Jeffersonville**

*LifeSpring's Crisis Receiving Stabilization Services Program provides a safe place for an individual in crisis who is not appropriate for the hospital or arrest. The CRSS Program serves as a 24 hour space for individuals in need of services to prevent an overdose, complete a needs assessment, and slow down the timeline of having to make an immediate decision that may not best meet the needs of the person in crisis. Following a stay at the CRSS Program, individuals will be connected with the appropriate level of care based on their needs.*

## **How to Utilize:**

- **Contact the Crisis Call Center at 833-SAFE988.**
- **The mobile crisis team will respond to the scene if appropriate and provide transportation if needed.**
- **Once at the CRSS Program, an assessment will be done.**
- **As the individual approaches 24 hours at the CRSS Program, they will receive information about their next options for care and be connected with the appropriate service provider(s).**

*The CRSS Program is 100% voluntary and patients have the opportunity to stay up to 24 hours. Patients cannot be held against their will. Referral sources will be notified immediately when a patient leaves with appropriate Release of Information in place.*
