

Stormwater Board Agenda

When: 11-4-2025

Time: 4:30pm

Where: Commissioners Conference Room, at the Pine View Government Center

Members

Frank Loop President Term: January 1, 2025 – December 31, 2028	John Brinkworth III Vice President Term: January 1, 2025 – December 31, 2028	Al Knable Member Term: January 1, 2023 – December 31, 2026	Jason Sharp Member Term: January 1, 2025 - December 31, 2028
--	--	--	--

Welcome:

Program Maintenance :

Approval of Minutes – November 2025

Daily Maintenance Reports / Claims (Chris) – November 2025

Old Business:

Erosion Control (Heritage) – November Summary Report

New Business:

Cottonwood Commons (Chris) – LTOMA signature

2026 Meeting Dates (Chris) – Approval

Stantec 2026 Contract (Stantec) – Review and Approval

Public Comment:

ADA Notice: Floyd County, will upon request, provide appropriate aids and services leading to effective communications for qualified persons with disabilities so that they can participate equally in Floyd County's public meetings.

For special accommodations for a meeting contact the Commissioners Administrative Assistant Suzanna Worrall at 812-948-5466 or sworrall@floydcounty.in.gov at least two (2) business days prior to the scheduled meeting or event to request an accommodation.

Floyd County Stormwater Board Minutes

Held: November 4, 2025

4:30 P.M.

Welcome:

Present: Commissioners Al Knable, Jason Sharp and Frank Loop, County Surveyor John Brinkworth III, Storm Water Coordinator Chris Moore, Chief Financial Officer Stan Heil, Chief Operating Officer Nick Creevy, County Engineer Horacio Urieta, Director of Public Works Sidney Main, Attorney Rick Fox and Secretary Karalynn Flora.

Public Hearing:

The public meeting to discuss the Stormwater fee increase was opened at 4:30. Mr. Loop asked if any members of the public would like to speak and Dale Mann came before the Board. He said that the rate should be kept at \$41 because that was what the previous commissioners had said to him years ago, and he thanked the board for thinking of agriculture.

With no other Comments Mr. Sharp made a motion close the public hearing, seconded by Mr. Knable. Motion carried 4-0.

Program Maintenance:

Approval of Minutes –September, 2025

Mr. Sharp made a motion to approve the minutes of October 7, 2025 as presented, seconded by Mr. Knable. Motion carried 4-0.

Daily Maintenance Reports / Claims- August 2025

Mr. Moore presented work orders to show projects completed, in the month of October and had separated out the pumper truck logs, as requested at the last meeting. Mr. Knable asked if there was a number where people could request the use of this truck, to which Mr. Moore said yes and that he would promote this number on social media.

Mr. Moore submitted to the board three claims for approval. Mr. Sharp made a motion to approve the claims as presented, seconded by Mr. Knable. Motion carried 4-0.

Old Business:

Erosion Control report – October Summary Report – Casey DeYoung, Heritage Engineering

Mr. DeYoung stated that there are 33 active sites, 8 which are dormant, 5 which can start filing their NOT, 12 Compliant, 0 show signs of offsite sedimentation and 13 had high probability of offsite sedimentation.

New Business:

Ordinance FCO-2025-24 – Recommendation to Commissioners – Chris Moore

Mr. Moore asked this board for a recommendation on which rate they would like to send to the Board of Commissioners

Mr. Knable made a motion to recommend the \$45 to the Board of Commissioners, Seconded by Mr. Sharp. Motion Carried 4-0.

Knob Landing – Variance from Design Manual –Jason Copperwaite

Mr. Copperwaite came before the board to ask for approval of underground detention and minimum orifice size. Mr. DeYoung had a comment on how the elevation of Basin 1 is above the elevation of an existing neighboring home. Mr. Copperwaite said that, at this time, they were not asking for approval for this condition and that if he couldn't lower this basin he would have to come back before the board

Mr. Sharp made a motion to approve the request based on the staff recommendation, seconded by Mr. Knable. Motion carried 4-0.

Vac Truck Camera Equipment – Approve and Purchase– Stan Heil

Mr. Heil came before the board, with coordination of the Public Works Department, to ask approval to purchase an additional pieces of equipment for the vac truck, a camera with a bulldozer jet. The total cost of this equipment is \$16.365 and he proposed to purchase these with unused appropriated funds within the Stormwater Budget.

Mr. Knable made a motion to approve this purchase, Seconded by Mr. Sharp. Motion Carried 4-0.

Public Comment:

No Public Comments

Adjournment:

With there being no other business, a motion was made by Mr. Knable to Adjourn, seconded by Mr. Loop. Motion carried. Meeting adjourned at 4:59 P.M. The next regular meeting of the board on December 2, 2025 at 4:30P.M, unless otherwise notified.

Frank Loop, President

John Brinkworth, Vice-President

Al Knable, Member

Jason Sharp, Member

EPSC Site Review Inspections

November 2025

Summary Report

Date of Inspections: November 05, 2025/ November 06, 2025/ November 10, 2025

Dates of Follow-up Inspections: November 19, 2025/ November 20, 2025

Performed by: Albert North, Garrett Peevey

Assembled by: Kevin Patterson

1. **Anderson Avenue Extension** (Anderson Avenue & Wabash Ave.)***

Inspected 11-05-25

- a) Perimeter controls needed
- b) Sediment build up on roadway.

2. **Bridlewood** (Payne Koehler Road & Chapel Lane)

Inspected 11-05-25, Follow-up 11-19-25

- a) Unprotected catch basins.

3. **Chambord** (Paoli Pike and Old Hill RD)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

4. **Chicken House Deli** (Highway 111)

Inspected 11-05-25

- a) Site is Compliant.

5. **Cottonwood Commons** (Corydon Ridge Rd.)***

Inspected 11-06-25

- a) Perimeter control needs repair.
- b) Sediment build up on roadway.

6. **Eastridge Borrow Site 1 and 2** (Highway 111)

Inspected 11-06-25

- a) Site is compliant.

7. **Eastridge Fill Site** (Highway 111)

Inspected 11-06-25

- a) Site is compliant.

Sites with evidence of off-site sedimentation

*** Sites with a high probability of off-site sedimentation

8. First Savings Bank (Schrieber Rd.)***

Inspected 11-05-25

- a) Unprotected catch basins.

9. Galena Commons (6779 US 150)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

10. Gateway Village (4915 Old Georgetown Road)

Inspected 11-06-25

- a) Site is compliant.

11. Glades of Autumn Grove (Kenzig Road)

Inspected 11-05-25

- a) Site is compliant.

12. Glenwood Farms (Grant Line RD and Dub Knob RD)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

13. Greywoods (Schrieber Rd.)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

14. Grove Subdivision (St. Joseph Road)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

15. Henriott Meadows (Henriott Road & Winstewart Road)

Inspected 11-06-25, Follow-up 11-20-25

- a) Unprotected catch basins.

16. High Pointe (Old Hill Road)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

17. Highlands (Old Vincennes Road and Schreiber Road)***

Inspected 11-05-25

- a) Unprotected catch basin.
- b) Sediment in conveyance channel.

Sites with evidence of off-site sedimentation

*** Sites with a high probability of off-site sedimentation

18. Kamer Crossing (Kamer Miller Road and Highland Oaks Drive)

Inspected 11-05-25

- a) Site is compliant.

19. Knob Hill Multi-Family Development (North side of SR 64 just West of Oaks RD)

Inspected 11-06-25

- a) Site is compliant.

20. Knob Hill Subdivision (North side of SR 64 just West of Oaks RD)

Inspected 11-06-25

- a) Site is compliant.

21. Legacy Springs (Corydon Ridge & Old Salem on right – Legacy Springs Blvd)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

22. Poplar Woods (Old Salem Road and Yenowine Lane)

Inspected 11-06-25

- a) Site is compliant.

23. Riley Commons (Schrieber Rd.)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

24. Riley's Excavating, LLC Site (State Road 62)

Inspected 10-15-25

- a) Site is dormant. Next inspection January.

25. St. Joseph Road Residential Assisted Living (St. Joseph Road)

Inspected 11-05-25

- a) Site is compliant.

26. Springs of Old Georgetown (Old Georgetown Road & Yenowine Lane)

Inspected 11-06-25

- a) Site is compliant.

27. The Timbers (On Edwardsville Galena RD about a mile North of Frank Ott RD)

Inspected 11-06-25

- a) Site is compliant.

Sites with evidence of off-site sedimentation

*** Sites with a high probability of off-site sedimentation

28. TSI Trucking (Durgee Road)

Inspected 11-10-25

- a) Site is compliant.

29. Villages at Autumn Grove (Kenzig Road)

Inspected 11-05-25

- b) Site is compliant.

30. Villages of Valley View (Lawrence Banet Road)

Inspected 11-05-25

- a) Site is compliant.

31. Villas of Floyds Knobs (SW Side of Vincennes RD 1320 ft West of SR 150 – Tuscany Drive)

Inspected 11-05-25

- a) Site is compliant.

32. Westfield Springs (Alonzo Smith Road & Frank Ott Road)

Inspected 11-06-25

- a) Site compliant.

33. Woods of Skyline (Skyline DR & Skyline CT)

Inspected 10-15-25

- a) Site is Dormant. Next inspection January.

Sites with evidence of off-site sedimentation

*** Sites with a high probability of off-site sedimentation

LONG-TERM OPERATION AND MAINTENANCE AGREEMENT

File No.: _____ Parcel Number: 22-02-00-200-124.000-002

As accepted through SWQMP No.: FC-25-03-161

Project Name: Cottonwood Commons, LLC

Primary function or description of activities to be executed at the site:

16-lot conservation single-family residential neighborhood

THIS AGREEMENT, made and entered on this 19th day, of the month November, of the year 2025 by and between Cottonwood Commons LLC ("OWNER") and Floyd County, Indiana, acting by and through its duly authorized representative.

WITNESS, that

WHEREAS, Floyd County Ordinance establishes requirements for stormwater quality best management practices and a Stormwater Quality Management Permit (SWQMP) to manage the quality of stormwater discharged from areas of urban development and redevelopment; and

WHEREAS, under said Ordinance Floyd County shall have the authority to inspect private systems within Floyd County and to order such corrective actions to said private stormwater management systems as are necessary to maintain properly the stormwater management systems within Floyd County; and

WHEREAS, under said Ordinance it is provided that Stormwater Quality Best Management Practices (BMPs) not owned municipally must be maintained by the property owner according to the terms of Long-Term Operation and Maintenance Agreement, that must be implemented before a SWQMP is approved; and

WHEREAS, Floyd County has adopted and approved technical guidelines relating to stormwater BMPs in Floyd County; and

WHEREAS, the OWNER is the legal title-holder of certain real property commonly known as, and more particularly described by, an Instrument recorded in the office of the Recorder of Floyd County, in Deed number 202512109, or as Instrument number _____ (herein after called the "Property"); and

Floyd County
Stormwater Ordinance

218-0528-DSW

Appendix
A

WHEREAS, OWNER is proceeding to build on, develop, or redevelop the property; and

WHEREAS, the Stormwater Pollution Prevention Plan (SWPPP) and Long-Term Operation and Maintenance Plan, certified by Jonathan Miley, a licensed Professional Engineer, dated this day of February 17, 2025, is on file in Floyd County; is expressly made a part hereof; and as approved or to be approved by Floyd County, provides for stormwater quality management within the confines of the property; and

WHEREAS, Floyd County and the OWNER agree that the health, safety, and general welfare of the residents of Floyd County require that on-site stormwater quality BMPs be constructed, operated, and maintained on the property; and

WHEREAS, Floyd County requires that onsite stormwater facilities in accordance with the Stormwater Pollution Prevention Plan (SWPPP) and Long-Term Operation and Maintenance Plan be adequately constructed and installed, operated, and maintained by the OWNER; and

WHEREAS, an approved Stormwater Pollution Prevention Plan and Long-Term Operation and Maintenance Plan will adequately illustrate the location type and extent of stormwater quality BMPs, minimum inspection procedures and schedule, minimum operation procedures and schedule, and anticipated minimum maintenance activities including when and how to remove accumulated/collected/filtered/amassed/grown excess vegetation, sediment, debris, trash, pollutant and/or forms of pollution from the stormwater quality best management practices.

NOW, THEREFORE,

In consideration of the foregoing premises, the mutual covenants contained herein, and the following terms and conditions, the parties agree as follows:

1. The on-site stormwater quality BMPs shall be constructed by the OWNER in accordance with the SWPPP and Long-Term Operation and Maintenance Plan.
2. The OWNER shall operate and maintain the stormwater quality BMPs as directed by the Long-Term Operation and Maintenance Plan in good working order acceptable to Floyd County.
3. The OWNER agrees that inspections will be performed by a Qualified Professional.
4. The OWNER agrees that inspections will be documented and include the following information:
 - a. A description of the current operational or functional status of the stormwater quality BMPs. For structures that accumulate sediment, trash, debris, or other pollutant or form of pollution, an indication of used and remaining capacity (fraction, percentage, depth or volume) shall be given to identify when the BMP must be cleaned out.
 - b. Identification of any necessary repairs, sediment/debris removal or replacement of all or portions of the stormwater system(s).
 - c. The results of any field or laboratory analyses performed.

- d. Other relevant or unusual observations related to the system(s).
 - e. Action plan to prevent premature stormwater system failure as consistent with the Long-Term Operation and Maintenance Agreement(s) provisions.
 - f. Action plan to prevent the premature system failure that exceeds the Long-Term Operation and Maintenance Agreement(s) provisions, but are necessary to prevent stormwater pollution from leaving the site.
5. The OWNER hereby grants permission to Floyd County, its authorized agents and employees, the right to enter the property to inspect the stormwater quality best management practices whenever it deems necessary. Whenever possible, Floyd County shall notify the OWNER prior to entering the property.
6. In the event the OWNER fails to maintain stormwater quality best management practices in accordance with the SWPPP and Long-Term Operation and Maintenance Plan in good working order acceptable to Floyd County, Floyd County may enter the property and take whatever steps it deems necessary to repair or maintain said stormwater quality best management practices. This provision shall not be construed to allow Floyd County to erect any structure of a permanent nature on the land of the OWNER without first obtaining written approval of the OWNER. It is expressly understood and agreed that Floyd County is under no obligation to maintain or repair said facilities, and in no event shall this Agreement be construed to impose any such obligation on Floyd County.
7. In the event Floyd County, pursuant to this Agreement, performs work of any nature, or expends any funds in performance of said work for labor, use of equipment, supplies, materials, and the like, the OWNER shall reimburse Floyd County upon demand, within ninety (90) days of receipt thereof, for all costs incurred by Floyd County hereunder. In the event the OWNER shall fail to reimburse Floyd County within said ninety (90) days, Floyd County may institute such legal measures as are deemed necessary to insure compliance with this agreement and to recover all sums expended hereunder, to include costs and reasonable attorney fees.
8. It is the intent of this Agreement to guarantee the proper maintenance of onsite stormwater quality best management practices by the OWNER; provided, however, that this Agreement shall not be deemed to create or affect any additional liability of the OWNER for damages alleged to have resulted from or been caused by stormwater management practices.
9. The OWNER, its executors, administrators, assigns, and any other successors in interest, shall indemnify and hold Floyd County and its agents and employees harmless for any and all damages, accidents, casualties, occurrences, or claims which might arise or be asserted against Floyd County from the construction, presence, existence, operation or maintenance of the stormwater quality best management practices by the OWNER or Floyd County.
10. In the event a claim is asserted against Floyd County, its agents or employees for the construction, presence, existence, operation, or maintenance of the stormwater quality BMP by the OWNER, Floyd County shall notify the OWNER, and the OWNER shall defend at its own expense any suit based on such claim. If any judgment or claims against Floyd County, its agents or employees shall

be allowed, the OWNER shall pay all costs and expenses in connection therewith.

11. This Agreement, as attached by the SWPPP and Long-Term Operation and Maintenance Plan, shall be recorded among the land records of Floyd County, and shall constitute a covenant running with the land, and shall be binding on the OWNER, its administrators, executors, assigns, heirs, and any other successor in interest. The name and mailing address of the OWNER shall be noted on the plat as well.

Attention: Chris Moore
Floyd County Stormwater Department
Pine View Government Center
2524 Corydon Pike Suite #201
New Albany, IN 47150

Dear Mr. Moore,

Reference: Stormwater Billing System Updates and As Needed Services

As has been done in past years, Stantec will work with Floyd County Stormwater Department to review the County's GIS impervious surface, parcel, and assessment data to analyze and generate the stormwater billing information. The primary purpose of this task is to generate the annual stormwater user fee master account billing file. This file contains the necessary user fee information for each parcel in Floyd County that is included on the semi-annual tax bills. In order to generate this file, Stantec will review the County's latest impervious surface data, the list of properties receiving stormwater credits, and the parcel data containing the most recent parcel assessment information. Stantec will then evaluate the data based on discussions with County staff, consistent with efforts from previous years. Floyd County will provide data for Stantec to review in an ArcGIS-compatible database. Where feasible, Stantec will perform updates to the impervious surface database based on new parcel assessments and provide the data to Floyd County (ArcGIS file). Stantec will also identify a list of potential anomalies (Microsoft Excel file) that exist between the various data sources. Finally, Stantec will provide a budget summary of the anticipated revenues to be collected. Itemized as follows, assistance with this task will be provided on an as-needed basis and may include the following:

Data Collection and Evaluation: Stantec will collect and evaluate information provided by Floyd County that is associated with the development of the stormwater user fee. It is understood that Floyd County's existing parcel information is organized in a GIS compatible database. Stantec will collect the parcel data joined with the Auditor's and Assessor's information, the impervious surface GIS data, the file titled "combine worksheet", and stormwater credits information from the Stormwater Department. Stantec will incorporate information from these data sources into the analysis and evaluate for consistency.

Limited Impervious Surface Updates: Floyd County has received updated 2025 aerial imagery that will be used to review GIS impervious surfaces. Due to billing time constraints, Stantec will focus on revising existing impervious area polygons and incorporate additional impervious area polygons based on new imagery and parcel classifications, as time and budget allow.

Development of Stormwater Master Account File: Stantec will assist Floyd County with updating the master account billing file based on the information provided by the County. This file will be developed in a consistent format as prepared previously (Excel file containing the master parcel ID and corresponding user fee based on a template provided by the County's billing consultant (Low)).

Reference: Stormwater Billing System Updates and As Needed Services

Tax Billing Information Transfer: Stantec will coordinate with the representative responsible for importing the tax bills into the County's system. A trial billing import file (limited records) will be provided to identify potential billing system discrepancies, prior to distribution of stormwater bills on the property tax statements. If the trial master billing file does not load into the billing system as expected, Stantec, with the assistance of County representatives, will coordinate with Low regarding formatting of the billing file. After the final billing file is provided and loaded into the system, Stantec will request the county provide documentation regarding the successful load of the billing file and parcels that did not load for further research. Historically, the number has been minimal.

Anomalies Spreadsheet: Stantec will generate a list of anomalies and potential discrepancies that exist among the data sources that could impact billing. The list of anomalies will contain the same consistent categories (e.g. Residential or vacant classification with digitized impervious surface, parcels with no classification, etc.).

Updated Stormwater Revenues Projection: Stantec will evaluate the final, updated billing file in order to estimate stormwater revenue projections.

Internal Billing Process Summary File: Stantec will review the internal billing process to determine whether it can be replicated by another GIS professional. If further description is needed, Stantec will update the Summary File.

NOTE: Tasks are successive and are initiated once the County makes all data available. Additionally, it will be essential that the County tracks and/or minimizes changes to datasets while Stantec is performing updates in order to minimize discrepancies in the system.

Rates:

Melissa Tucker	Kristen Hewes	Michelle Bough	Shelby Chasteen	Kris Beckner
\$214.00	\$204.00	\$175.00	\$125.00	\$97.00

Deliverables:

- Updates to the master account billing file and coordination with County agency responsible for tax billing;
- Limited updates to the impervious surface layer, (based on budget allowance of 30-40 hours for updates and 5 hours for review);
- Parcels (GIS format) containing the billing file attributes;
- List of anomalies among the data sources;
- Stormwater revenue projections for current billing cycle; and
- Internal billing process summary file.

November 26, 2025

Page 3 of 3

Reference: Stormwater Billing System Updates and As Needed Services

Additional Support Services:

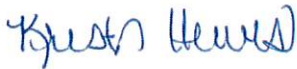

Stantec will provide assistance to Floyd County, when requested, for miscellaneous stormwater program support. Periodically, issues may arise that require additional assistance. Such measures may include GIS support, construction plan review, field training of municipal employees, budget review and long-term planning, billing system assistance and updates, regulatory agency coordination, project evaluation, municipal operations updates and support, the Stream Visual Assessment Program (SVAP), and other potential assistance. As-Needed Support services will only be performed when requested by Floyd County, on a Time and Materials basis.

The proposed fee for the 2026 scope of work is \$35,000 on a time and materials basis. \$20,000 is for stormwater billing updates, \$5,500 is for reviewing and updating the internal billing process summary file, and \$10,000 is for upon request services.

Thank you for the opportunity to continue to work with Floyd County.

Regards,

Stantec Consulting Services, Inc.
