Stantec 2026 Contract – Review and Approval – Kristen Hewes

Mrs. Hewes came before the board to present a new contract for 2026 with the Stormwater Department. The only change to this contract was to a service that would replicate the process of creating the billing file, so that if the county wanted to bring it in house there would already be a step by step process. Mr. Knable asked Chris is he thought that this billing would be able to be brought in house or if it could be integrated within the LOW "umbrella." Chris said that he would see if Stormwater's billing could be included within LOW. Therefore the board questioned whether there was a need for this addition.

Mr. Knable made a motion to approve this contract with the addition being removed and allowing Frank to sign this contract outside of a meeting, seconded by Mr. Sharp. Motion Carried 4-0.
