Section #	C	NC	R	Narrative	To Be Corrected
191	X		X	Observed no date mark on charcuterie boxes. Observed no date marks on cooked foods on cooling racks in walk-in. Kitchen manager stated they were 3 days old. Not discarded. Date marks may be kept on a document log system if that is easier than dating cooking sheets.	1 day
192	X			Observed a potato dish dated 4/15/23 in the walk-in cooler. 11 days old. Cooked items may only be kept for 7 days.	discarded
146		X	X	Observed the charcuterie boxes to only have a Name of business sticker and a date dot. The date dot does not inform the consumer of the age of the product. Each box should include; The date it was packaged, Name of the Business, and Contact info (Address and Phone number) and the contents of the box. If there is a placard of the contents nearby it does not have to be on the box. The required labeling does not need to be on the front of the box.	2 days
415	X		X	Observed flying insects under the 3-compartment sink in bar. They appeared to be harboring in a saw cut that was made in the concrete. Fill cut marks to prevent them from collecting water and harboring insects.	1 week
297		X	X	Observed dried food debris on can opener in prep area.	today
214		X	X	Observed 2 cutting boards in kitchen to be discolored. Owner stated new boards have been ordered. If not delivered before the follow-up inspection FCHD needs to be provided with a receipt of purchase.	1 week

Since not all violations were not corrected, a third inspection and follow-up fee is required. The invoice must be paid before second follow-up date.
