Grant County Emergency Operations Center

COVID-19 Response / Planning

April 17, 2020 Daily Briefing

## 0900 Daily Briefing;

The Grant County Health Department has reported 46, confirmed cases of COVID-19 and 2 deaths in Grant County.

The Indiana State Department of Health (ISDH) has identified 10,154 total presumptive positive cases of COVID-19 and 519 deaths and 54,785 tests in the state since Friday, March 6.

Marion Community Schools has been doing a phenomenal job providing for our community and it has not gone unnoticed by the state of Indiana and many others. In order to distribute 35,000 meals each week takes an enormous amount of effort by many dedicated people. It is yet another example of the hero's that live among us and the good that comes from a bad situation.

There have been many other sites in the county providing meals as well, such as the other county schools St. Martins Community Center, Church's and businesses.

Thank you from a grateful community, to all that support and assist in these efforts.

The Marion-Grant County Chamber of Commerce along with the Grant County Economic Growth Council and WorkOne has jointly developed a website to assist anyone looking work opportunities. The jointly operated website is; <https://www.grantcounty.com/covid19-workforce-recovery-jobs>

If you have health questions related to the COVID-19 virus MGH has a specific call number you can call. The number is 765-660-6999.

Respectfully,

Robert W. Jackson  
Director, Grant County EMA/DHS
