

**MARTIN COUNTY VETERANS
COUNTY ASSISTANCE
TO MEDICAL APPOINTMENTS**

The Martin County Board of Commissioners does herein approve and does herein set a maximum amount paid to a Martin County Veteran in an effort to assist him/her in traveling to medical visits. The following amounts are set:

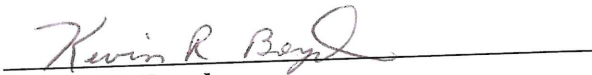

\$20 per visit —(Veteran Administration Healthcare facilities with distances of 100 miles or above).
\$10 per visit —(Veteran Administration Healthcare facilities with distances of 50-100 miles).

He/She (Veteran) is required to present/submit proof of attending the medical visit at the Martin County Auditor's office. Each claim shall be reviewed by Commissioners for approval. The funds shall be provided for in the Veteran Service Officer Department budget and is fixed by the Council. This monetary aid shall not exceed annual budgeted amount.

In an attempt to achieve equitable aid to all Martin County Veterans, a limit of three visits per veteran for the \$20 visit and a limit of five visits per veteran for the \$10 visit are also herein set.

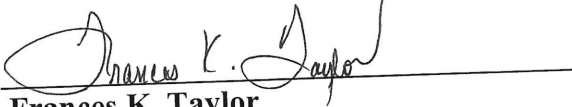

This decree is herein executed this February 6, 2007 and shall become effective January 1, 2007. This decree shall expire December 31, 2007 or until budgeted funds are expended, whichever event comes first.

I have been talking to Eugene Wilcoxon, VSO, and he gave me some ideas on what to include in this decree set by the Board. With the total amount budgeted and the rate in decree the county could help 100 vets going as far as Indy, or 200 Vets going as far as Bloomington. It is limited to 3 trips per Vet for Indy, 5 trips per Vet for Bloomington. With the amount budgeted and limits, there could be a total of 33 Vets to Indy, or 40 Vets to Bloomington. Just wanted your input? Thanks, Cookie. Oh by the way with this info and decree, can you figure the amount budgeted? Ha
