Monroe County Redevelopment Commission Bloomington, Indiana

RE: CURRY PROFILE TIF DISTRICT - TIF ANNUAL REPORT FOR 2024

Redevelopment Commission Members:

We have prepared our report for this Area entitled, "Monroe County, Indiana, Curry Profile TIF District, TIF Annual Report to Fiscal Body for 2024" (the "Report"), dated March 16, 2025, which we respectfully submit herewith.

This Report is intended to meet the TIF reporting requirements of IC 36-7-14-13. The Redevelopment Commission must present this report to the County Council by April 15. In addition, the County must submit this report to the Department of Local Government Finance prior to April 15.

The findings and conclusions of the Report are as found on EXHIBIT C.

This Report is not intended to be used in a financing unless consent is given by Financial Solutions Group, Inc.

There will usually be differences between the projected and actual results because events and circumstances frequently do not occur as expected. Those differences may be material. We have no responsibility to update the Report for events and circumstances occurring after the date of the Report.

Sincerely,

Financial Solutions Group, Inc.

Gregory T. Guerrettaz

PURPOSE OF REPORT

The purpose of this Report is to analyze the tax allocation area known as the Curry Profile TIF District and to calculate the estimated TIF revenue compared to debt service. In preparing our Report, we have analyzed a substantial amount of data and have arrived at certain conclusions (as detailed and presented in our *Summary of Findings* in this Report).

The approach for our Report is to detail where the District has been, where the District is now and where the District will go in the future, from an economic point of view. We have set forth the parcel analysis, by year, as APPENDIX A to this Report.

This Report is designed to meet the requirements of IC 36-7-14-13, which requires the Redevelopment Commission to present an annual report to the County Council by April 15 each year. The County is required to submit the Report to the Department of Local Government Finance by April 15. In addition, this Report can be used by the Commission to determine how much captured assessed value, if any, can be passed through to underlying taxing districts. This determination must be made by June 15 each year and be sent to the County Auditor. We have set forth, in our findings, points that the Commission needs to address.

GENERAL INFORMATION ABOUT THE AREA

Tax Increment Financing

The Monroe County Redevelopment Commission (the "Redevelopment Commission"), governing body of the Monroe County Redevelopment District (the "District"), on March 21, 2018, confirmed the creation of the Curry Profile TIF District. Monroe County authorized up to \$6,175,000 of Redevelopment District Tax Increment Revenue Bonds, Series 2018 (the "Bonds"), on July 26, 2018. Currently, only \$103,200 has been drawn on the Bonds. The Bonds were purchased by the developer and are only payable from TIF revenue (to the extent TIF revenue is available). Proceeds of the Bonds will be used by the developer to redevelop the old General Electric facility.

The Curry Profile Development Area

The general description of the Area is as follows: the Area is bounded on the north and west by Profile Parkway, on the east by Curry Pike, and on the south by Grand Avenue. The Area currently contains two parcels and approximately 101 acres. The Redevelopment Commission has elected to capture tax increment revenue on <u>both</u> real and personal property.

Bonds Funds and Accounts

The Redevelopment Commission approved a TIF Pledge Resolution which states that all Tax Increment collected in the Allocation Area shall be, immediately upon receipt, set aside in the Allocation Fund and transferred to Old National Bank as trustee, for the purpose of paying debt service on the Bonds. Any Tax Increment that exceeds the debt service is to be placed in a Surplus Fund. To the extent Tax Increment and amounts in the Surplus Fund are not sufficient to pay the debt service, the Developers shall pay debt service. The following information is a summary of the funds and accounts established in the Resolution. The provisions of the agreement are listed below and presented in the future tense.

SUMMARY OF FINDINGS

Findings

As a result of our inquiries, due diligence and investigations incident to the preparations of this Report, we have the following general findings concerning the Tax Increment Revenue in the Allocation Area:

- 1. The development in the Allocation Area is under way, but has not been completed. The base year for the Allocation Area is Pay 2019;
- 2. Personal property was incorrectly included in the base calculation for pay 2021. This results in negative increment for pay 2021 (see Appendix A).
- 3. It is our understanding that the developer (Cook Group Incorporated) currently owns the Bonds; and
- 4. As of March 1, 2025, only \$103,200 has been drawn on the Bonds and \$49,646 had been repaid. The current outstanding principal balance is \$52,654. The Bonds have a final maturity of 02/01/2039.
