BE IT RESOLVED by the Council (i) that the estimate of the cost of the new manufacturing equipment is reasonable for equipment of the type described by PK in its Statement of Benefits; (ii) that the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the installation of the new manufacturing equipment; (iii) that the estimate of the annual salaries of the individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed installation of new manufacturing equipment; (iv) that the other benefits about which information was requested can be reasonably expected to result from the proposed installation of the new manufacturing equipment; (v) that the totality of benefits is more than sufficient to justify the deduction and the continuing designation of the Real Estate as Economic Revitalization Area; and that none of the new manufacturing equipment shall be used to dispose of solid waste or hazardous waste by converting the solid waste or hazardous waste into energy or other useful products.

BE IT FURTHER RESOLVED by the Council that the Real Estate which is located at 600 Northridge Drive, Shelbyville, Shelby County, Indiana, is hereby confirmed as and found to be an Economic
