Motion to approve minutes of 9/14/20 Kevin Nigh, 2nd Chris Ross, vote 3/0.

Country Club Heights: County Surveyor, Taylor Sumerford, is going to be meeting with a contractor, Aaron Robertson, regarding the work that needs done in Country Club Heights. They will also look at the manhole cover that needs to be made accessible down the street.

Clendenning Ditch: Taylor has presented the drainage board with his final drawing of the proposed route. He spoke with the state and found out they did not install a tile across SR 44 but an easement does appear on the reconstruction plans from 2004. The pipe proposed to be installed would be 24” and it’s estimated that trenching will be 4-5’ in most areas.
