

Motion to approve minutes from 7/11/22, Kevin Nigh, 2nd Chris Ross, vote 3/0

Clendenning Ditch: Taylor advised he spoke with Jeff Tennell about going thru the corn so we can get going on the fixing the drainage area. They are 250 ft between David Brown & Jeff Tennell. Nigh asked Taylor if someone is keeping Mr. Stevens up to date.

Meiks Drain: Nigh advised that Mr. Foltz is wanting to pay all their payments in full, so he would be down after the meeting to get a total for him.

Smithland Tile: Nancy Stephenson advised that in 2019 to start some action to have the county started on fixing the Smithland Tile the drainage was bad the county removed trees, but thing was left incomplete. We were told this would be fixed in 2020 and it was not. Steven Stephenson advised the tile at Plum and Freedom Street is higher than the rest and the water will not go anywhere. On the northside of 450 S it goes to the culvert and stops. Commissioner Parker advised if he remembers right there is a house that was built in the alley way, and this is the hold up. Taylor advised after the meeting he would go down there and meet with the residence and talk to them. Gary Clark @ 3471 W Freedom Street advised that his front and back yard both flood and fills his crawl space. People’s septic systems do not work. Todd Stephenson the tile is so cluttered with trees, weeds. Taylor Sumerford will meet with the residents after the meeting and report back.
