

Drainage Board Meeting
August 5, 2025

Present: Jim Seiler, Mac Webb, Heather Gries, Auditor Melissa Bunner, Attorney Joshua Claybourn and Surveyor Tyler Darning

Location: Commissioners Meeting Room, 2nd Floor, Courthouse

The meeting was called to order by President Webb at 2:45 P.M.

Minutes

Gries made a motion to approve the minutes for July 15, 2025. Seiler seconded the motion. Motion carried.

Surveyors Report

2600 Fund – This is the general maintenance fund used for any regulated drain that doesn't fall within a watershed. After reviewing the minutes, past Surveyor Red Faulkenberg did complete the public hearings for the watersheds but the 2600 was never completed. He worked on getting all the established watersheds taxed correctly but never finished the 2600 taxing process. This will need to be started over from the beginning.

Potential Donations – In reviewing the minutes, it was found that landowners and Vectren had made donations toward some of the past projects. With landowners now being taxed, there is no expectation for them to donate toward work, but Chasity will reach out to CenterPoint when there are projects that clear property along their power lines. There is hope that since the work will benefit them, they will be willing to make donations like Vectren did in the past.

They have reached out to schedule a meeting at the site of the potential two-stage ditch project but still have not heard back. They will continue to reach out and hope to start the project this fall.

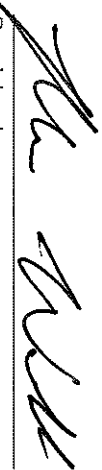

Old Business

Gries asked about the Cornerstone project. Chasity is still scanning and fixing issues with the older files as she is coming across them.

New Business

Nothing to Report

Seiler made a motion to adjourn. Gries seconded the motion. Motion carried.
The meeting was adjourned at 2:51 P.M.

President

Attest:

Auditor, Melissa L. Bunner

Surveyor
