Surveyors Report

The Surveyor's Office has been approved funds to purchase a side by side. They are in the process of purchasing one and then they will establish an official spray schedule.

Work is about to begin on lateral #2 of John C Brown. This drain runs alongside the Hatfield fire station. The ditch is grown up and preventing water from flowing through which is causing mosquito and flooding issues. Quotes have been requested from Silo Ridge, Ubelhor Tree Services, Laswell Excavating, and B Hamilton Contracting. The quotes received were presented as follows:

Silo Ridge	\$7,500
Ubelhor	\$8,250

Now that fields have been cleared, there are several other work requests that will be checked over the next few weeks.

There have been several complaints that a resident has been throwing trash into the C.C. McCoy (R.W. Richards) ditch. It is not clear if the trash was thrown in or has washed into the ditch due to previous flooding and rain. Daming is checking into this but needs further information on holding the property owner responsible for part of the clean up.

There is a bid opening today for work on the Huffman.

Kennedy Excavating	\$77,740
Lechner's	\$80,537
K&K Dirtworks	\$57,792.75

Seiler motioned to take under advisement until Daming has reviewed the bids. Gries seconded the motion. Motion carried.

At the Commissioner's Meeting same day, Daming recommended K&K Dirtworks. **Webb motioned to accept the bid from K&K Dirtworks contingent upon providing insurance and liability insurance information. Gries seconded the motion. Motion carried.**
