Brief description of application

(Should include animal type(s), animal numbers, numbers and types of barns and storage structures, and methods of manure application.)

This is an existing IDEM permitted hog farm that would like to add a new 101'x341' hog barn with an under slat covered pit for manure storage to house 4,500 finisher hogs. The farm will be permitted for a total of 8,500 hogs. All of the manure will be handled as liquid manure will be land applied on local farm fields as fertilizer for growing crops following all of the IDEM & OISC rules and setbacks.
