Dear Commissioners,

On behalf of the Board of Directors and staff of the Wabash County Museum, I would like to extend our heartfelt gratitude to the Wabash County Commissioners for your generous commitment of \$15,000.00 to support museum operations.

This investment in the Museum is more than financial -- it is a statement of shared values. Together, we are preserving Wabash County's rich history, providing meaningful educational experiences for learners of all age, and creating a welcoming community space where residents and visitors alike can connect with our past and envision our future.

Your leadership and continued support make it possible for us to serve thousands of schoolchildren, families, and lifelong learners each year. We are deeply grateful for the City's partnership in ensuring the Wabash County Museum remains a source of pride, inspiration, and quality of place.

Thank you again for your confidence in our mission and for standing beside us as we work to make history every day in Wabash County.

With sincere appreciation,

Teresa
