

BEFORE THE BOARD OF COMMISSIONERS OF WABASH COUNTY, INDIANA

RESOLUTION NO. 2023-85-03

A RESOLUTION APPROVING A FORM OF ORDINANCE IMPOSING A TEMPORARY MORATORIUM ON THE ISSUANCE OF IMPROVEMENT LOCATION PERMITS FOR COMMERCIAL SOLAR ENERGY SYSTEMS IN AN A-1 ZONING DISTRICT, AND REFERRING THE SAME TO THE WABASH COUNTY PLAN COMMISSION

This matter is before the Board of Commissioners to consider imposing a temporary moratorium on the issuance of improvement location permits for commercial solar energy systems in an A-1 zoning district.

The Board of Commissioners finds that the Wabash County Zoning Ordinance fails to state what the set-backs are for a commercial solar energy system in an A-1 zoning district, which omission constitutes a defect in the Ordinance that must be corrected before any improvement location permits for commercial solar energy systems in an A-1 zoning district are issued.

The Board of Commissioners has approved a form of ordinance imposing such a moratorium.

NOW, THEREFORE, IT IS RESOLVED:

The form of ordinance approved by the Board of Commissioners imposing a temporary moratorium on the issuance of improvement location permits for commercial solar energy systems in an A-1 zoning district, pending adoption of an ordinance amending the Wabash County Zoning Ordinance so that it states set-backs for a commercial solar energy system in an A-1 zoning district, is now referred to the Wabash County Plan Commission for consideration and recommendation.

Adopted by the Board of Commissioners of Wabash County, Indiana, this 30 day of May, 2023.

WABASH COUNTY BOARD OF COMMISSIONERS

Brian K. Hauptert, Chairman

Barry J. Eppley

Jeff D. Dawes

Attest:

Marcie Shepherd, Auditor
