1.2 Purpose of the RFP

The purpose of this RFP is to select Community-Based Services vendors/providers that can satisfy the DCS need for the provision of a comprehensive array of child welfare services to all 18 regions and the corresponding local offices in the State. Service may only apply to the Region and the individual counties and Service Standard identified in this RFP.

Community-Based Services, formerly referred to as IV-B Services, are programs which promote the well-being of children and families and are designed to strengthen and stabilize families (including biological, adoptive, foster, and extended families). Services shall be provided in accordance to the DCS Service Standards (Attachment A).

DCS may consider contracting for specialized or innovative services that do not adhere to the service standards. Respondents who wish to propose such services should refer to them as Specialized Services when completing the application. Please be sure the program and budget are outlined in detail in the service narrative and budget narrative. Billable units must be assigned a rate and defined.

DCS is currently interested in receiving service proposals for:

- Substance Use Disorder Assessment
- Substance Use Outpatient Treatment
- Residential Substance Use Treatment
- Withdraw Management (formally Detoxification Services)
- Diagnostic and Evaluation- Child Hearsay

Medicaid

DCS strongly encourages applicants to become Medicaid eligible providers. Many children and adults who are served by DCS are covered by Medicaid. DCS intends to refer those Medicaid eligible children and adults to Medicaid eligible providers for Medicaid Clinic Option services where available and appropriate. Respondents should note changes within the service standards: There are various methods of payment for certain components in the Community-Based Service Standards: Medicaid Clinic Option (MCO), Medicaid Rehabilitation Option (MRO) and Department of Child Services (DCS). It is the responsibility of the service provider to know which services are billable to Medicaid. MRO services can only be billed by the Community Mental Health Centers (CMHC). The Medicaid Clinic Option services can be billed to Medicaid by Medicaid approved providers. DCS will make payment for authorized services that cannot be billed to Medicaid. It is the responsibility of the Service provider to know which method of billing is appropriate/allowable. It should also be noted the qualifications of the workers addressed in the service standard are based on the funding source. The provider is responsible for making sure the qualifications are being met.

Below are the Service Standards and the method of payment.

1.10 Secretary of State Registration

In order to submit a proposal, the Respondent must be registered and be in good standing with the Secretary of State. This legal name must be used on all documents included in the proposal process. NOTE: When you complete the proposal application, your agency's legal name must match your registered name with the Secretary of State. If it does not and your agency is selected for a contract, the contract will be delayed until this is resolved. Before contracts are moved through the signature process they must pass review by the Department of Workforce Development (DWD) and Department of Revenue (DOR). If an agency that is accepted for a contract by DCS has unpaid unemployment insurance or unpaid taxes to the State, the contract will be held until these issues are resolved. Any issues must be resolved with DWD/DOR. It is extremely important that all agencies are aware of this review to prevent delays in the timely execution of the contract.

1.11 Compliance Certification

Responses to this RFP serve as a representation that the respondent has no current or outstanding criminal, civil, or enforcement actions initiated by the State, and it agrees that it will immediately notify the State of any such actions. The Respondent also certifies that neither it nor its principals are presently in arrears in payment of its taxes, permit fees or other statutory, regulatory or judicially required payments to the State. The Respondent agrees that the State may confirm, at any time, that no such liabilities exist. If such liabilities are discovered, the State may bar the Respondent from contracting with the State, cancel existing contracts, withhold payments to set off such obligations, and withhold further payments or purchases until the entity is current in its payments on its liability to the State and has submitted proof of such payment to the State. If, in an audit or review by the State, it is discovered that there is a non-compliance issue with either the service standard or the contract, the State may elect to impose a financial penalty.

1.12 Americans with Disabilities Act

The Respondent specifically agrees to comply with the provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq. and 47 U.S.C. 225).

3.0 Proposal Evaluation

3.1 Proposal Evaluation Procedure

The Proposal Evaluation will be scored based on a 100 point scale and divided into three sections: Central Office Review of Provider Documentation, Field Review of Service Standard Documentation, and DCS Review of IDOA requirements. All evaluation personnel will use the criteria stated in section 2.

Central Office Review: DCS Central Office Review is scored as a pass/fail. This section is worth 40 points.

Field Review: Once the proposal has passed the Central Office Review, a group of field personnel will be selected to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for the evaluation of proposals with regard to compliance with the RFP requirements. This section is worth 35 points.

DCS Review of IDOA requirements: Concurrently to Field Review, the IDOA section will be scored separately. This section is worth 25 points.

The Department of Child Services designee will, in the exercise of sole discretion, determine which proposals offer the best means of servicing the interests of the State. Recommendation by the Regional Service Councils will be considered when determining which proposals will be accepted to move forward in the contracting process.

3.2 Evaluation Criteria

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the RFP in a cost-effective manner while meeting the expectations outlined for service provision outlined in the service standards. If any one or more of the listed criteria on which the responses to this RFP will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded and the responses will be evaluated and scored without taking in account such criterion or criteria.

The Department of Child Services designee will, in the exercise of sole discretion, determine which proposal(s) offer the best means of servicing the interests of the State. The exercise of this discretion will be final. DCS reserves the right to contract with multiple respondents for the same service within the same region and Local Office. Selections are based on service and location needs and these may vary across the state.

Respondents must score a minimum of 25/40 points in the Central Office review to proceed to the Field Review. Points earned in the Central Office review will be combined with the points earned from the Field and IDOA requirement reviews for a final score out of a total of 100 points. Each proposal then will be ranked based on score for final determination of proposals to be awarded.

4.0 Reports

Providers will be required to prepare, maintain and submit any statistical reports, program reports, other reports or other information as requested by DCS related to services provided.

4.1 Monthly Reports

Templates for monthly reports based on the type of service have been developed and are attached. Monthly reports are due by the 10th of the month following service. See attachment for templates.
