GENERAL INFORMATION AND REQUESTED PRODUCTS/SERVICES

1.1 INTRODUCTION

In accordance with Indiana statute, IC 5-22, the Indiana Department of Child Services (DCS) is required to administer the statewide Indiana Youth Advisory Board (IYAB) on behalf of DCS in all 18 regions and 92 counties. DCS intends to solicit responses to this Request for Proposals (RFP) in accordance with the statement of work, proposal preparation section, and specifications contained in this document. RFP is being posted to the DCS website (<https://www.in.gov/dcs/current-requests-for-proposals/>) for downloading. Neither this RFP nor any response (proposal) submitted hereto is to be construed as a legal offer.

DCS offers a formalized youth advisory board that helps youth form collaborative relationships and develop additional strategic alliances on the local, state, and national levels. These relationships strengthen the overall child welfare system by improving support and services available to older youth in foster care. Advisory Board Youth should be involved in the decision-making regarding activities and events, including conferences, youth speakers, recruitment, volunteering, and other youth servicing opportunities.

IYAB strengthens youth engagement by empowering youth to use their voice by expressing ideas, opinions, experiences, and knowledge in planning and decision-making. The Youth Advisory Board shall consider a youth's unique strengths, skills, interests, and needs (Jim Casey Youth Opportunities Initiative, 2014).

This RFP seeks one vendor experienced in implementing a youth advisory board through a formal advisory board framework by using promising practice models of authentic youth engagement on behalf of the state. The RFP is interested in creative programming designed for youth and young adults with lived foster care experience. This includes eligible current and former foster youth.

1.3 PURPOSE OF THE RFP

This RFP aims to select a vendor that can satisfy the department's need for the Indiana Youth Advisory Board to all 18 regions and their corresponding 92 local offices in the state. DCS intends to contract with a vendor that provides quality youth engagement, program facilitation, and coordination of leadership opportunities, and compensation to youth participating on the Indiana Youth Advisory Board. This includes meetings, committees, activities, and events on the local, state, and national levels that will increase leadership skills, formalize youth-adult partnerships, promote youth voice, build social capital, and support relational permanency. The vendor should have the capacity to serve youth across the state, assisting IYAB members' leadership development, strategic planning, and coordination of events/activities while increasing capacity through recruitment and retention. The vendor will assist the IYAB members with developing a plan for each super region and a state plan to enhance the well-being of foster youth aging out of care through authentic youth engagement. The vendor will assist the executive IYAB members in planning a statewide IYAB conference.

1.4 SUMMARY SCOPE OF WORK

DCS is currently required under the John H. Chafee Foster Care Program for Successful Transition to Adulthood to ensure youth participate in leadership activities that promote youth development and engagement. To meet the federal requirement, DCS has chosen to contract with a vendor that can facilitate and coordinate activities at the local, state, and national levels in a manner that is consistent with the Indiana Youth Advisory Board Service Standards (Attachment A) and research on older youth in foster care and youth advisory boards (Attachment H). These service standards include but are not limited to the service description, eligibility requirements, program administration, goals and outcome measures, qualification of staff, documentation requirements, and program reporting and evaluation. The vendor will schedule regional meetings to ensure the inclusion of all eligible youth and host a statewide executive board comprised of selected IYAB members from across the state. The vendor will assist the statewide executive IYAB members in planning an annual statewide IYAB conference. The vendor will ensure that all IYAB members can participate in leadership activities promoting youth development and engagement while leveraging additional funding for the IYAB program.

The vendor will hire an adult facilitator who utilizes an authentic youth engagement approach by formalizing youth-adult partnerships, promoting youth voice, building social capital, and supporting relational permanency. The adult facilitator is responsible for the daily function of IYAB through:

- a. Assisting the boards with their strategic plan/agenda.
- b. Scheduling and locating meeting sites (virtual/in-person)
- c. Co-development / planning of events, activities, and IYAB conference
- d. Promote advocacy on the local, state, and national levels.
- e. Build capacity for leadership opportunities.
- f. Facilitate public speaking skills training and other leadership training.
- g. Assisting the board with developing and maintaining IYAB meeting procedures (virtual and in-person), bylaws, IYAB brochures, newsletters, social media campaigns, flyers, and presentations.
- h. Monitoring outcomes and progress of all youth board members.

2.5 COST PROPOSAL

The Cost Proposal Template is Attachment D

Respondent will complete **Attachment D**, providing costs for the Indiana Youth Advisory Board.

The Cost Proposal must be submitted in the original format. Any attempt to manipulate the format of the Cost Proposal document, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk.

The IYAB contract will be a cost-reimbursement contract, generally not to exceed the contract amount. The contract amount for the vendor will be estimated based on the total number of youths participating and official IYAB members for reasonable and allowable costs. Respondents should use the IYAB Census document (**Attachment G**) to project estimated costs.

SECTION THREE PROPOSAL EVALUATION

3.1 PROPOSAL EVALUATION PROCEDURE

The state has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals about compliance with RFP requirements. All evaluation personnel will use the evaluation criteria stated in Section 3.2. The Commissioner of DCS or their designee will, in the exercise of their sole discretion, determine which proposals offer the best means of servicing the interests of the state. The exercise of this discretion will be final.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposal will be evaluated based on the categories included in Section 3.2. A point score has been established for each category.
- 3.1.3 If technical proposals are close to equal, greater weight may be given to price.
- 3.1.4 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the state, considering all the evaluation factors, may be selected by DCS for further action, such as contract negotiations. If, however, DCS decides that no proposal is sufficiently advantageous to the state, the state may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, DCS may begin contract preparation with the next qualified Respondent or determine that no such alternate proposal exists.

3.2 EVALUATION CRITERIA

Proposals will be evaluated based on the Respondent's proven ability to satisfy the RFP's requirements in a cost-effective manner. Each evaluation criteria category is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 100). Negative points may be assigned to the cost score. Additionally, there is an opportunity for a bonus of five points if certain criteria are met. For further information, please reference Section 3.2.3 below. If any one or more of the listed criteria on which the responses to this RFP will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations, or policies, the specific criterion or criteria will be disregarded, and the responses will be evaluated and scored without considering such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Business Proposal	5 available points
3. Technical Proposal	75 available points
4. Cost (Cost Proposal)	25 available points
Total	100

All proposals will be evaluated using the following approach.

Step 1

In this step, proposals will be evaluated only against Criteria 1 to ensure they adhere to Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that meet the Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. This scoring will have a maximum possible score of 75 points. All proposals will be ranked ONLY based on their combined scores for Criteria 2 and 3. This ranking will be used to create a "short list." Any proposal not making the "short list" will not be considered for further evaluation.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, demonstrations, etc., focused on cost and other proposal elements. Step 2 may include a second "short list".

Step 3

The short-listed proposals will then be evaluated based on the criteria outlined in the table above.

If the state conducts additional rounds of discussions and a BAFO round that leads to changes in either the technical or cost proposal for the short-listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

- 3.2.1 Adherence to Requirements – Pass/Fail
Respondents passing this category move to Phase 2, and the proposal is evaluated for Business and Technical Proposal.
- 3.2.2 Business and Technical Proposal – **75** available points
- 3.2.3 Price – **25** available points

Cost scores will then be normalized to one another based on the lowest cost proposal evaluated. The lowest-cost proposal receives a total of 25 points. The normalization formula is as follows:

- Respondent's Cost Score = (Lowest Cost Proposal / Total Cost of Proposal) X 25
