RELATED INFORMATION

[NEW] Hand Delivery
Hand delivery requires successful face-to-face contact with the alleged perpetrator and a documented contact in ICWIS.

Consulting with Human Resources
Staff assessments are very delicate situations. The Central Office Human Resource Office is always available to assist management staff with any decisions that must be made surrounding reassigning an employee or when to consider emergency suspension. Please contact the HR Director if you have any questions.

Restricting Reports and Assessments
Maintaining confidentiality of employee assessments is of utmost importance. There is a checkbox on the decision window in ICWIS in the Intake module that allows for the report to be restricted. If the report is restricted, the assessment will automatically be restricted upon its creation. The system will only allow the assigned worker, the assigned worker’s supervisor, and a director for that county, and the ICWIS Program Manager access to the report or assessment.

[NEW] Desk Duty for Alleged Employee Perpetrators
In the event an alleged employee perpetrator is assigned to desk duty, employees will not be allowed to have direct contact with the children and families DCS serves. Depending on the position, employees may not see a change in their job duties.
