Active Residential Licenses

Purpose
Displays residential resources with active licensing and the related information needed to effectively administer them.
The user is allowed to change the display using the parameter, Display For Fire And Safety Inspection, as described below.

Population - Resources.

Parameters
Display For Fire And Safety Inspection - Works like a toggle switch.
  ◦ When '**Yes**' - The display is sorted by **County Name**, then **Zip** order. It shows **Address**, **Zip**, and **Phone** while **Worker Name** and **Supr Name** are removed and the heading is augmented to show the purpose as for inspections. The <u>sorting sequence</u> is by County Name and Zip Code.
  ◦ When '**No**' - The display is sorted by EFF End Dt order. It shows **Worker Name** and **Supr Name** while **Address**, **Zip**, and **Phone** are removed.
    The <u>sorting sequence</u> is dependent on the parameter **Resource Type**.
    If the parameter **Resource Type** is 'All' the data is sorted by Effective End Date (**Eff End Dt**).
    Otherwise it is by **County Name**, then **Resource Name**.
Resource Type - Facilitates communication of resource to the Web Master for display on the web site.
  ◦ Allows the user to list only the type of resources selected.
Note: When the **Display For Fire And Safety Inspection**='Yes', then 'Licensed Child Placing Agency – Adoption Homes Only' and 'Licensed Child Placing Agency – Foster Family Homes Only' are not available. Only 'Licensed Child Placing Agency - All' can be used

Time Frame
