	Chapter 1: Establishment and Administration of the Program	Effective Date: 03/26/2020
	Section 4: Indiana State Central Collection Unit (INSCCU)	Version: 1.1 Revision Date: 03/26/2020

BACKGROUND

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) required states to establish a central location where all income withholding payments could be made.¹ PRWORA required all child support (except for cash payments which may still be made at the local Clerk of Court's office) to be made at the central location.² In response to this mandate, the Child Support Bureau (CSB) contracted with a vendor to establish the Indiana State Central Collection Unit (INSCCU).

INSCCU receives non-cash payments in the form of personal check, money order, cashier's check and certified check. These payments are processed through the statewide child support system.³

INSCCU uses automated mail handling procedures and computer driven technology for the processing of child support payments, including procedures for receipt of payments from parents, employers, and for accurate identification of payments.⁴ 99.5% of all payments received during the business day must be identified to a case in the INSCCU vendor's payment system. All payments recorded must be transferred to the statewide child support system by 5:00 pm EST on the day they were received.

All correspondence as well as accompanying payment documentation received by INSCCU are available for review by CSB, or the Title IV-D Prosecutor's Office upon request to CSB for review.

In order to expedite and organize the processing of payments, INSCCU has five P.O. Boxes.
