For June 2013

Report Description

This report uses data collected at the end of the current report month. The graphs and numbers for historical months also use data from the end of the historical month listed. This report looks at CHINS children that were in out of home placement at the end of the month. It measures the number of days since the child was last removed from its home.

One Year - 0 to 365 Days - This is column shows data for CHINS children that have been in out of home placement between 0 and 365 days since the child's last

removal.

Count- This is the number of CHINS children that have been in out of home placement between 0 and 365 days since the child's last removal.

Percent- This is the number of CHINS children that have been in out of home placement between 0 and 365 days since the child's last removal divided by the total number of CHINS children in out of home placement at the end of the month.

One Year - 366 to 730 Days— This is column shows data for CHINS children that have been in out of home placement between 366 and 730 days since the child's

last removal.

Count- This is the number of CHINS children that have been in out of home placement between 366 and 730 days since the child's last removal.

Percent- This is the number of CHINS children that have been in out of home placement between 366 and 730 days since the child's last removal divided by the total number of CHINS children in out of home placement at the end of the month.

One Year - 731 to 1095 Days— This is column shows data for CHINS children that have been in out of home placement between 731 to 1095 days since the child's last removal.

Count- This is the number of CHINS children that have been in out of home placement between 731 to 1095 days since the child's last removal.

Percent- This is the number of CHINS children that have been in out of home placement between 731 to 1095 days since the child's last removal divided by the total number of CHINS children in out of home placement at the end of the month.

One Year - 1096 Days+— This is column shows data for CHINS children that have been in out of home placement 1096 days or more since the child's last removal

Count- This is the number of CHINS children that have been in out of home placement 1096 days or more since the child's last removal.

Percent- This is the number of CHINS children that have been in out of home placement 1096 days or more since the child's last removal divided by the total number of CHINS children in out of home placement at the end of the month.

Length Per Child – This column shows data for length of time of CHINS children who were in out of home placement at the end of the report month have been in out of home placement since the child's last removal from their home.

Average- This column calculates the average or "mean" length of time in out of home placement since the last removal per child in out of home placement at the end of the report month.

Median- This column calculates the median length of time in out of home placement since the last removal per child in out of home placement at the end of the report month.
