Report Description

This is a description of the key elements used in this report.

Time Period – The time period used in this report is the 12 months prior to the month of the report.

Assessments during time period – The assessment used in this report are assessment with BOTH report date AND approval date during the time period (12 months prior to the month of the report).

Victim Selection – The children used in this report were identified as having at least one substantiated allegation of abuse or neglect on an assessment during the time period.

First Occurrence – This looks at the victims of substantiated abuse or neglect during the first 6 months of the time period (6 to 12 months prior to the month of the report). If a child was a victim in multiple assessments with substantiated abuse or neglect, the assessment with the earliest report date is considered the first occurrence.

Recurrence Time Period – The time period used to see if a child is a substantiated victim in a recurring assessment of abuse or neglect is based off the report date of the first occurrence. The recurrence period begins one day after the first occurrence report date and ends 183 after the first occurrence report date (>= 1_{st} Occurrence +1 and <= 1_{st} Occurrence +183). If a child has multiple recurrences, the earliest report date in the recurring time period is considered the recurring assessment.

Here is a visual representation of an example. This is a report for December of a given year. The time period to review assessments would run from Jan 1_{st} to Dec 31_{st}. The time period for a first occurrence would be Jan 1_{st} to Jun 30_{th}. If a child had a first occurrence on Feb 7_{th}, the recurrence period would run from Feb 8_{th} to Aug 9_{th}. If the child had a recurrence in Aug 5_{th}, that would be considered repeat maltreatment. If the child had a recurrence Oct 10_{th}, that would not be considered repeat maltreatment because it fell outside the recurrence period.

Recurrence Period (Feb 8_{th} to Aug 9_{th})

Percent of absence of repeat maltreatment – This calculations uses the terms defined above. The numerator is the number of children with a first occurrence minus the number of children with a recurrence. The denominator is the number of children with first occurrence.

$$\frac{(1_{st}\ Occurrence - Recurrence)}{1_{st}\ Occurrence}$$

For the purposes of this report, the county the child is assigned to is based off the county of first occurrence. If a child has a recurrence in a different county, the repeat will show for the county of the first occurrence.
