

Protecting our children, families and future

Length of Stay in Out of Home Placement

Data in the report (both historical and current) may be subject to change as it is continually being validated and updated. This may result in statistical data in previous reports to be inconsistent with statistics found in more recent reports even when the data pertain to the same time period.

For May 2024

Report Description

This report uses data collected at the end of the current report month. The graphs and numbers for historical months also use data from the end of the historical month listed. This report looks at CHINS children that were in out of home placement at the end of the month. It measures the number of days since the child was last removed from its home.

One Year - 0 to 365 Days— This is column shows data for CHINS children that have been in out of home placement between 0 and 365 days since the child's last removal.

Count- This is the number of CHINS children that have been in out of home placement between 0 and 365 days since the child's last removal.
