	Chapter 3: Case Initiation	Effective Date: 05/20/2020
	Section 4: Medicaid Cases	Version: 1.2 Revision Date: 05/12/2020

BACKGROUND

Federal guidance states it is not mandatory for a Medicaid recipient to automatically be referred to the Title IV-D program.¹ However, a Medicaid recipient may receive information about Title IV-D services and enroll in Title IV-D services at no cost.²

POLICY

1. Requests for Services

The Division of Family Resources (DFR) may provide information to Medicaid applicants about Title IV-D services. When a person applies for Medicaid services, the person is required to assign his or her rights to medical support to the state.³

When an individual requests an Indiana Child Support Services Enrollment Form, State Form 34882, (Enrollment Form), the Title IV-D Prosecutor shall provide the Enrollment Form. If the request is made in person, the Enrollment Form shall be provided to the individual the same day the request is made.⁴ If the request is made in writing, i.e. mail or electronic communication, or by telephone, the Enrollment Form shall be sent to the individual within five (5) business days.⁵

2. Enrolling in Services

If the person chooses to enroll in services, the person submits the Enrollment Form to the Title IV-D Prosecutor’s Office.⁶ The Title IV-D Prosecutor’s Office shall accept an Enrollment Form for services from any individual.⁷ An individual may enroll in services in any Indiana county; however, if there is an order in another county, the Enrollment Form will be forwarded to the order county.⁸ The Enrollment Form includes questions for information necessary to create a case in the statewide child support system. The Enrollment Form is to be signed by the enrollee.⁹ If there are multiple “other parents”,

the enrollee is to attach a separate page for each “other parent”. Within 20 calendar days of accepting the Enrollment Form, the Title IV-D Prosecutor shall open the case in the statewide child support system.¹⁰

To be a Medicaid case, at least one (1) of the following must be true:

- a. The Title IV-D enrollee is receiving Medicaid.
- b. The child(ren) for whom the enrollee is requesting Title IV-D services is receiving Medicaid.

Title IV-D services continue when the enrollee stops receiving Medicaid. The enrollee does not need to fill out a new Enrollment Form.¹¹

3. Enrollment Fee

There is no enrollment fee when the enrollee or the child(ren) of the case is currently receiving Medicaid.¹²
